

Appellate Division Reverses Bergan in Firemen's Pay Case

Association's Attorney Says Appeal Will Be Made; City Treasurer Is Not Obligated to Pay Salaries as Set by Fire Commissioners

The Appellate Division, Third Department, by unanimous decision has reversed the order of Supreme Court Justice Francis Bergan which directed the city treasurer to pay members of the fire department the increased salaries which were granted them in December, 1947, by the Board of Fire Commissioners.

The decision of the Appellate Division was handed down Wednesday and ruled Justice Bergan's order "reversed, on the law and facts, without costs."

Francis Martocci, attorney for the Uniformed Firemen's Association, Local 461, said today "there will definitely be an appeal."

Such appeal, when brought by the firemen, will be heard in the Court of Appeals, this state's highest court.

Under the terms of the decision of the Appellate Division, the city treasurer is not obligated to pay the salaries as set by the fire commissioners and the action of the Common Council in reducing these salaries when the 1948 budget was adopted is upheld.

The opinion delivered Wednesday was written by Justice Pierce Russell. Justices Hill, Brewster, Foster and Deyo concurred.

Upholds Council Right

The opinion reviews the charter provisions relative to preparing the budget estimates and the adoption of the budget. It upholds the right of the Common Council to increase or decrease the estimates provided by the various boards, including the Board of Fire Commissioners.

In rendering its decision, the Appellate Division reversed the decision of Supreme Court Justice Bergan, who on August 2 ruled that the city treasurer must pay the firemen's salaries as directed by the fire commissioners "as long as there was money in the fund."

An appeal from this August 2 decision was taken by the city, and was heard before the Appellate Division on September 23. It is a result of this hearing that the order was received Wednesday reversing the first decision.

May Go to Appeals Court

Under the law, the matter may now be carried to the Court of Appeals by the firemen. Attorney Martocci declared today that this will be done as soon as the necessary orders are filed with the county clerk.

The litigation, which has continued since early in January, concerns only the difference in pay due the firemen since January 1 and until November 4. On that later date a local law became effective, in accordance with the terms of Proposition A approved by the voters, which grants them a 10 percent increase.

The second thrust presumably refers to non-military planes, which do not carry nationality markers. The Russians have complained of commercial flights in the Berlin air corridors.

Some official sources tended to discount the Soviet note as another move in the "war of nerves."

The Russians posted another warning at the Berlin air safety center that they will hold three hours of air-to-air (probably plane to target) firing practice today over a field in the British Bueckeburg air corridor. At other points in the corridors, they said, they will hold "local flying maneuvers."

Although both Britain and the U. S. have said in the past they would use fighter escorts if necessary to keep the airlift going, American pilots said they had standing orders to obey any Soviet fighter plane seeking to force them to land.

A senior American air officer who declined to be quoted by name said:

"If this is a Russian bluff—and it looks like one—we called it. Now it remains to be seen how far they intend to go."

Another group of allied officials took a more serious view of the Russian threat. They pointed out previous threats of action against the airlift had been threatened in the Soviet press but the Russians had not heretofore committed themselves in official notes.

The new Soviet move was disclosed when Brig. Gen. C. K. Galley, City's chief of staff, replied to a letter from Gen. G. S. Lukatschenko, Russian chief of staff.

Galley noted the Soviet threat to force planes "to land on the nearest airfield in the Soviet zone" and said:

"You are informed that full and complete responsibility will rest on the shoulders of Soviet authorities should any injury be sustained by any of our personnel or any damage occur to our planes as a result of Soviet action taken in this connection."

The three air corridors between Berlin and western Germany were established by four-power agreement. They are approximately 20 miles wide each. In addition there is an international air band around Berlin 20 miles wide.

The Russians have tried to alter the corridor agreement and recently claimed no such agreements existed. The western powers have rebuffed the Soviet moves.

The American section of the airlift was sharply curtailed this morning as fog shut down the Frankfurt and Wiesbaden landing bases. Operations officers at Tempelhof Airfield said they hoped planes would begin landing again after noon.

The British Gatow Airfield was busy landing planes from Fassberg and Wunsdorf in the British zone.

Shipment Of Guns to Go to China

First Major Order Is Inclusive of War Materiel to Assist Chiang

Chinese Will Pay Supplies Are Coming From U. S. Military Stocks

Washington, Nov. 11 (AP)—The first major shipment of American guns and ammunition to China since the Communist sweep in Manchuria was said today to be nearly ready for departure.

The report lacked details and official confirmation. But it came from both Chinese and American sources after the State Department disclosed that more than \$12,000,000 has been withdrawn by China from the \$125,000,000 Congress voted this year for military assistance.

Most of the money has been paid over to the army for arms, ammunition, vehicles and radios which the Nationalist government has said Generalissimo Chiang Kai-Shek's Nationalist forces must have to stem the Communist advance in North China. Shipments thus far have been confined largely to equipment rather than actual weapons and ammunition, informants said.

The Defense Department has authority from President Truman to help China by turning over supplies from U. S. military stocks. The Chinese must pay what it costs to replace the supplies.

Other developments meanwhile testified to the urgent attention being given China's plight by top level administration officials.

Recovery Administrator Paul G. Hoffman, for instance, said it is "definitely a possibility, but not a probability" that he will make an on the spot survey.

His idea would be to determine for himself what economic help the Chinese need and how it can be supplied with war threatening to spread farther southward into nationalist areas.

But Hoffman said "developments in Europe" may take him there instead.

Earlier, associates had said he expected to make the trip to China next month unless the situation by that time becomes too dangerous or improper.

Reference presumably was to political changes which might occur in China as a result of any further reverses by the nationalists.

The current Foreign Assistance Act provides for American help to the "Republic of China." Hoffman has said the Economic Cooperation Administration will continue to furnish aid on schedule to the extent authorized by Congress. State Department officials say the legislation clearly bars aid to the Communists. But whether it likewise forbids help to individual warlords who might take over in the event of a nationalist government collapse was left to the E.C.A. to decide should the question become urgent.

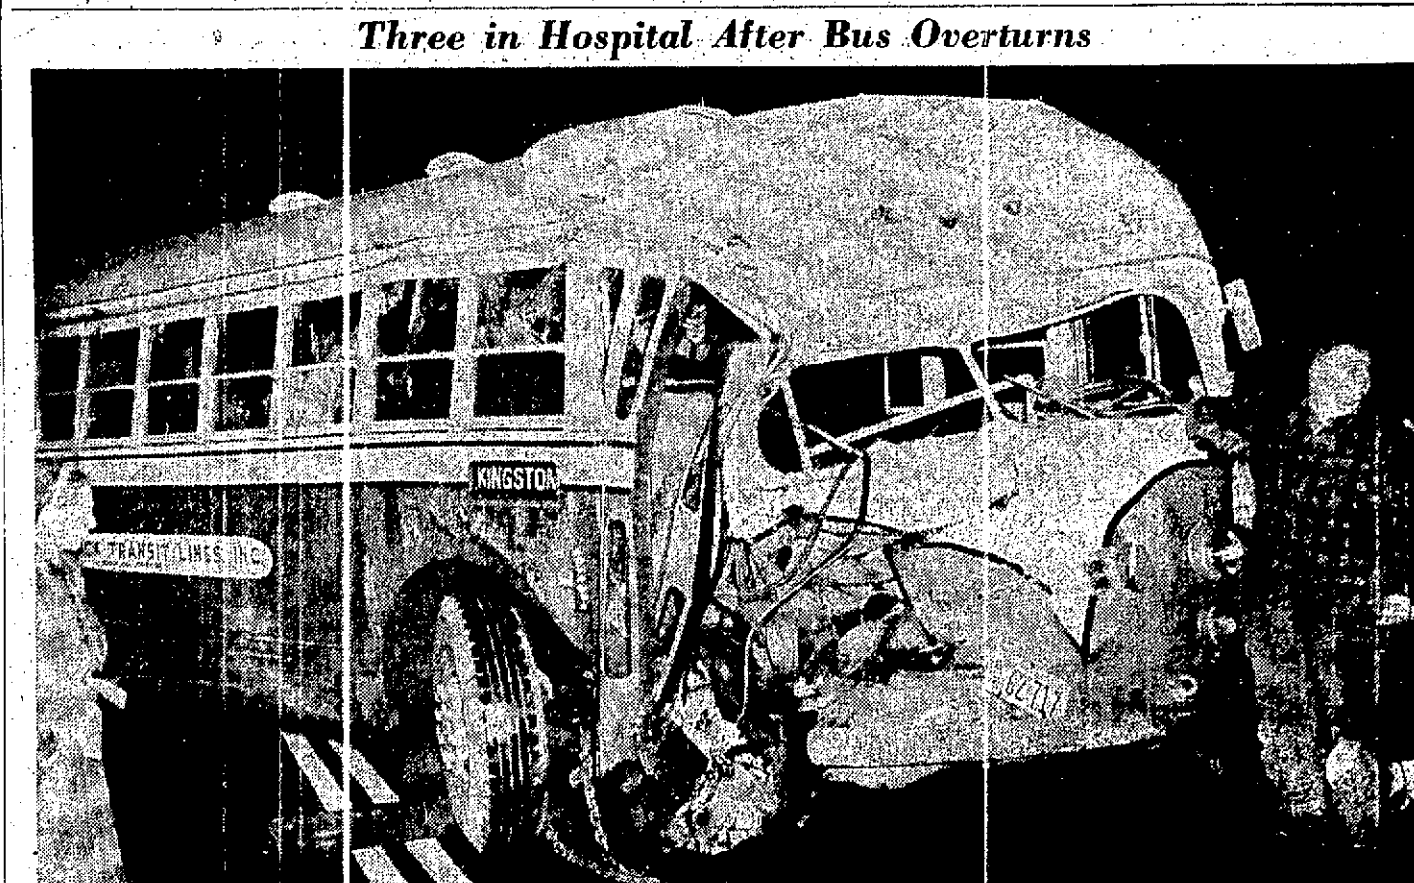

China was allotted \$383,000,000 for economic assistance by the recovery legislation along with \$125,000,000 which could be used for military purposes. Recovery grants to date total \$137,700,000, leaving \$245,300,000 still available against only \$13,000,000 left in the military fund.

Civilian Employee Held

Fort Dix, N. J., Nov. 11 (AP)—A civilian who was reported from China only four days ago, is in police custody today charged with theft of a Fort Dix payroll. The former soldier, identified by Major Cornelius Morris, public relations officer, as Albert Bianco, 23, of Phillipsburg, was picked up in his home yesterday. Maj. Morris said \$1,593 of \$13,619 which disappeared from a Fort Dix safe on September 30, had been found in a foot locker in Bianco's home.

Denham Will Use Business-as-Usual Policy With NLRB

Despite Labor Leader's Views on His Health, He Is Expected to Stay on Job

Washington, Nov. 11 (AP)—Despite the administration's pledge to seek repeal of the Taft-Hartley labor law, its chief agent, Robert N. Denham, intends to follow a "business as usual" policy.

Denham said in an interview today he will keep on administering the Republican-sponsored labor law "as if nothing had happened," so long as it is on the books.

He has some ideas of his own for changing it, but "nobody has asked me for any so far."

A number of labor leaders have suggested privately since President Truman's upset election victory that Denham either should resign or be ousted in a revision of the law's terms.

But to questions about his future, the 63-year-old general counsel of the National Labor Relations Board responded:

"I am still general counsel and I will be until the law is changed. 'Nobody has asked me for my resignation yet,' he laughed.

As general counsel at a \$12,000 annual salary, Denham has a four-year term dating from July, 1947. Senate confirmation to the post. He recognizes, however, that his tenure can be changed by amending the law.

A one-time Texas cowhand with a colorful career, Denham was an N.L.R.B. trial examiner when Mr. Truman appointed him general counsel after Congress enacted the law.

Prayer for Peace Marks Armistice Center of Observance Is Tomb of Unknown Soldier

(By The Associated Press)

A prayer for peace girded the globe today as Americans throughout the world paused at the 11th hours in silent tribute to the nation's war dead.

On the 30th anniversary of Armistice Day, the veteran sons of doughboy fathers stacked arms before flower-strewn graves while military and civilian leaders called for renewed dedication to universal peace.

The center of the nation's observance was the Tomb of the Unknown Soldier in Arlington National Cemetery. There scores of patriotic and civic groups once again readied wreaths for the hallowed site across the Potomac from Washington.

"Sounding a preparedness theme, Secretary of Air Symington issued this holiday peace challenge to the nation."

"If it takes patience, let us be patient; if it takes humility, let us be humble; if it takes strength, let us be strong."

A 150-plane "raid" on Washington by the Air National Guard—intended to stress the same point—was postponed until Sunday because of bad weather.

Symington's theme was echoed by the New American Legion commander, Perry Brown, of Beaumont, Texas, who urged early congressional approval of universal military training.

"We have only one reasonable and realistic course before us," he said in an address prepared for the Arlington ceremonies. "That is for the United States to muster in full view of the world sufficient active and reserve military strength to convince one and all that extinction must be the price of breaking the peace."

Pointing to this country's world-wide diplomatic commitments "to defend free peoples against unjust acts of aggression," Brown said fulfillment of that pledge "stands in serious jeopardy for want of the minimum necessary military resources to carry it through."

The only way to build up the nation's trained manpower stockpile on "democratic principles," he said, is to provide for "participation, not by the few, but by all."

Get Missing Man

State police at Highland said today that they took in their custody yesterday a man who had been reported missing from the Middletown State Hospital since November 7. They picked him up near Ireland Corners following a report there that he had tried to break into a parked auto.

Chamber Favors Study of Retention Of Kingston Point

Directors Are Interested in Park as Center for Recreation

At a meeting Wednesday night the Kingston Chamber of Commerce went on record as favoring a study of the possibilities of retaining Kingston Point Park as a recreation center and favoring tax relief for small corporations.

It was a busy meeting presided over by First Vice-President Clarence S. Rowland. Other subjects which caused much discussion included the possibility of establishing a community chest here, the need for low-cost rental housing, the possibility of sponsoring business conferences in cooperation with Bard College and national affairs.

With the announced discontinuance of the Hudson River Day Line several directors were very much interested in seeing Kingston Point Park and the pier established as a recreation center. The discussion brought forth pleasant memories of the days when there was a band stand in the park and regular concerts took place when boating of the lagoon and rides of the merry-go-round were very popular and when the park was the recreation center of the region. It was when large groups came to the point on river excursions. The situation and possibilities will be studied by the chamber. It may develop that private interests will take an interest in the park.

President Pays No Special Attention to Armistice Day

Key West, Fla., Nov. 11 (AP)—The 30th anniversary of the close of the First World War found President Truman grappling today with the problems that beset the peace again.

From his vacation retreat of this naval submarine base, he kept a close watch through advices from the State Department over newest Russian maneuvers involving blockade Berlin.

The commander of Battery D, 129th Field Artillery, in the First World War took no special observance, however, of the anniversary of the Armistice Day that brought that conflict to an end.

He designated Major General Harry H. Vaughan, his military aide, to represent him at Armistice Day ceremonies of the Key West American Legion Post.

At the same time, he continued to study the need for an agreement to ease the strain of American-Russian relations.

Meanwhile, the White House made it clear that there are no plans of any kind for a Truman-Stalin meeting and that the President has no intention to go to Moscow. But the White House welcome-mat is still out if Premier Stalin should change his mind and decide to visit Washington for a conference.

No official word has come from Mr. Truman's associates as to whether he might still be considering sending a personal emissary to talk with the Russian leader.

As a matter of fact, most of the information from the President's quarters at the commandant's house has dealt with his vacation doings.

Senator Alben W. Barkley, the vice president-elect, said no light on his conference with the President when he met with the press informally at a softball game yesterday.

Reporters wanted to know about legislative plans, and about prospective changes in the administration personnel.

Barkley said he wouldn't discuss anything but "the bluntness of

Government Spokesmen Says Communists Are Using All Available Manpower

Martial Law Used Nanking and Shanghai Order Is Restored Following Riots

Nanking, Nov. 11 (AP)—The greatest battle in Chinese history—involving more than 1,000,000 men by government estimate—raged north of the Yangtze today with Communist troops having a slight numerical advantage.

Government Spokesman Lt. Gen. Teng Wen-Yi said the battle was joined along the Suchow defense line which guards the road to the national capital.

Teng said government troops outfought the Reds during the opening phases of the giant battle but that they had made successive withdrawals to "shorten their lines."

He said Reds under Generals Chen Yi, Liu Po-Cheng and Chen Kong already were throwing all available manpower into the fight, on which hinges the fate of North Central China.

The government, too, was bringing up reinforcements. Teng said with some troops from along the Peiping-Hankow railroad line already moved into battle.

Teng said the Reds had hurled 21 armies, numbering 500,000 men into the battle.

(Communist broadcasts heard in San Francisco by the Associated Press said the Reds have bottled up 350,000 government troops in the Suchow area.)

The government spokesman said the Communists had already suffered 30,000 casualties around Suchow. He said that was more than three times the number suffered by government troops.

Government warplanes of all descriptions from Nanking were hurried into the battle described by Teng as larger and more bitter than any fought during the Sino-Japanese war.

In Nanking and Shanghai martial law restored order after food riots had disrupted the routine in both cities yesterday.

Food shops reopened in Nanking. Residents calmed down from yesterday's hysteria. But in Shanghai many jammed railroad stations trying to get out of the city to safety in the country.

On the political front, the official Central News Agency said Premier Wong Wen-Hao had withdrawn his resignation and agreed to continue in office under a new policy.

The new policy, the agency said, would bring Wong, Deputy Premier Chang Li-Sheng and Defense Minister Ho Ying-Chin together daily to coordinate military and civil affairs.

Rigid censorship was declared. Foreign newsmen as well as domestic were placed under the censorship rule. Under martial law Chinese officials may use either post-publication or pre-publication censorship.

Maj. Gen. Chang Tai-Hsiang, representing the commander of the Nanking garrison, made it plain that all armed groups would be subject to Chinese regulations that govern the handling of letters, telegrams and news information.

He appealed for complete cooperation to prevent publication of military secrets and anything likely to cause deterioration of military or civilian morale.

The military authority said he was prepared to subject to punishment those responsible for anything objectionable published in China or abroad.

General Chang said that "any reports that are true will be allowed."

As the great battle raged just 170 miles northwest of here, all American military groups moved out their wives and children. They were flown to the American controlled port of Tsingtao northeast of here and Shanghai.

Other foreigners were growing restless. British, French, Australian and other consulates in Shanghai said they had no evacuation orders. They indicated an emergency plan had been worked out in Shanghai to be effected if the situation got worse. All additional troops would be evacuated to other parts of the country.

Everywhere there was speculation whether the United States could or would intervene in time to save the National government. Most foreigners doubted it. They still saw the Nanking Government as too much of a load for even the United States to take on.

Eighth Avenue Bus Taken on Joy Ride

New York, Nov. 11 (AP)—An enterprising young man stole a big Eighth Avenue bus from a

transit garage last night and ran it over its regular route, collecting fares. Business was fine until the negro free-lance operator side-swiped a taxicab near 42nd street. He kept right on going, but a few blocks farther on he crashed

into a taxicab and overturned it at 2 a. m. (E.S.T.) today. No one was injured, but an ambulance and police radio cars converged on the scene. The driver surveyed the growing commotion, climbed from his seat and strolled off into a subway station.

That was the last seen of him. And the lone passenger in the bus at the time couldn't furnish a description. Company officials called for their slightly-dented bus at a police station. They were glad to

get it back, but couldn't help wondering how many fares they had been clipped for.

Rochester Man Named State Works Engineer

Albany, N. Y., Nov. 11 (AP)—J.

Burch McMorran of Rochester was appointed today to the \$14,000-a-year post as chief engineer of the State Public Works Department.

McMorran, 49, fills a vacancy caused by the promotion of Bertram D. Tallamy to department superintendent. Tallamy took over October 1 after Charles H. Sells resigned.

McMorran has been district engineer at the Rochester district office since January 1. He entered state service in 1921 as a junior assistant engineer at Syracuse. He later served as Cortland county assistant engineer and as an associate civil engineer in the Syracuse district.

We believe if this is done results will follow.

Two is apt to be the maximum number of ex-presidents at any one time. Taft and Theodore Roosevelt from 1913 to 1919, and Taft and Woodrow Wilson from 1919 to 1921 were joint holders of the honor. One is more common, and often there is none. Between the date of Calvin Coolidge's death, January 5, 1933, and March 4 of that year, when Hoover went out of office, there was no

several speeches of both men. It is true that the President sounded like a split-week imitator of Milton Berle in a low-ceiling joint in Newport, Ky., with his witty crack and comical expression, but Dewey wasn't even funny. His speech about Communists was so close to the truth that it was almost a comedy. In a very short time we are sure to hear that the people by their vote for Mr. Truman endorsed in advance whatever course he might take in pursuit of his statement in New York in the closing hours that he alone makes American foreign policy.

Those who have believed that federal intrusion in the police problems of the states is wrong, that the poll-tax is a domestic problem for each state, that socialism is a blight on progress and a curse on humanity are not necessarily wrong because "the people" vote, as Mr. Truman put it, "against the 75-cent lamb-chop."

The people have made ghastly mistakes before. We have still to learn how grievous this one was, but whoever opposed Mr. Truman must still, in honesty and courage, maintain that the people booted another one.

ROYAL COUPLE WHO AWAIT FIRST CHILD

Court Rules That I.T.U. Must Comply With T.H.

Chicago, Nov. 11 (AP)—The U. S. Circuit Court of Appeals has reinstated a federal contempt of court citation directing the A.F.L. International Typographical Union to comply with the Taft-Hartley law in bargaining relations with newspaper publishers.

The appeals court's ruling yesterday, in effect, sent the contempt proceedings back to Federal Judge Luther M. Swygert of Indiana for compliance by the union. Judge Swygert found the union in civil contempt of court on October 14, ruling the I.T.U. continued to violate the Taft-Hartley law in defiance of his injunction of last March 27.

The Court of Appeals, however, granted a stay of Judge Swygert's ruling on the same day it was issued pending a hearing on an appeal. Judge Swygert is expected to set a new deadline for compliance by the union of the order. He had ruled the I.T.U. had continued to insist on maintaining closed shop conditions in contracts with newspaper publishers, despite his March 27 injunction.

The union and top officers in Judge Swygert's October 14 order, were given 10 days to appear in his court to show they were carrying out his instructions.

The appeals court at the same time yesterday denied the N.L.R.B.'s motion to dismiss the union's appeal from the contempt conviction. The ruling indicated the government could renew the motion without prejudice when the appeal is heard on its merits. No date was set for oral arguments on the appeal.

Volunteers to Meet in Lomontville Nov. 16

The regular monthly meeting of the Ulster County Volunteer Firemen's Association will be held at Lomontville at 8 p. m. Tuesday, November 16. An important business meeting will be followed by moving pictures and refreshments. The association members will be the guests of the Lomontville Fire Company and the meeting will be held in the new firehouse. Fred Harder, secretary, announced that there will be no meeting of the association in December.

Big Bear Defies Bullets

Grand Junction, Colo. (AP)—Frank Bernard came back from a deer hunting trip with a tall bear story—and the bear to prove it. The bruin he'd shot weighed about 650 pounds and was seven feet long. Bernard said the big animal was only 30 feet away when he fired his first shot, the bullet striking the bear in the nose. The bear charged, paying no attention to a second bullet drilling into his side. Another hunter then shot the bear in the foot, turning it to one side, and Bernard's third shot broke its leg, ending its enraged rush.

By WILLIAM E. McKENNEY

This is the fourth of five articles on the fascinating but difficult smother play.

I have selected today's smother play for our lesson hand because it is one of the few smother plays against which you can create a defense. It differs from the rest of the plays in this series and some players might refer to it as a forced coup; nevertheless, it comes under the smother play classification.

West cashes the king of diamonds and declarer ruffs the second diamond with the nine of spades. The jack of clubs is led and East correctly refuses to win it, to avoid creating two entries into dummy. Declarer continues with another club, East wins this and leads a diamond, forcing South to ruff with the ten of spades.

Now declarer enters dummy and leads a trump, finessing the jack. He cashes the ace and king of hearts and leads a small heart, throwing West in the lead. The three remaining cards in each hand are underlined. West has nothing to lead but a diamond or a club. North and East each have three trumps, while declarer has the ace-queen of trumps and the eight of hearts. If West returns a diamond, it is trumped in dummy. If East under-trumps, another trump will be led from dummy and the queen finessed. If East trumps with the king, South will win with the ace, cash the queen of trumps, and the last trick will be won in dummy.

Here is the defense against this particular play. The play goes the same up to the point where East wins the trick with the ace of clubs. Now, instead of returning a diamond to shorten the declarer, if East returns a heart, declarer will have to win the trick with the king. He can go over to dummy with the queen of clubs, but he can take only one finesse. When he finesses the ten of spades, he can cash his other high heart and throw West in the lead; but now West will have a diamond exit and thus defeat the smother play.

NAVIGATOR RECALLED

When New Zealand's Governor-General, Sir Bernard Freyberg, visited the Cook Islands recently, he learned that Captain James Cook, who became the British Empire's most famous navigator, still is remembered there with pride. Sir Bernard landed on the little island of Atiu (pronounced Ah-Chu) in a surfboat manned by skillful native boatmen. Welcoming speeches advised him that Atiu was the first island in the Cook group, at which Captain Cook landed some 200 years ago, Auckland reports.

Rosendale Memorial to Be Dedicated Sunday, 3 P.M.

A memorial to Town of Rosendale residents who served in World War 2 will be unveiled Sunday at 3 p. m. during appropriate ceremonies at the monument's location near the junction of Routes 32 and 213, adjacent to the entrance of the bridge across the Rondout creek.

Commander William Allison of Rosendale-Tillson Post, American Legion, will remove the drape from the granite monument bearing a bronze tablet dedicated to the World War 2 veterans. Others on the program will be Attorney Roger H. Loughran of Hurley, main speaker; the Revs. Albert H. Shultis, John Kelly of Rosendale and David C. Weidner of Bloomington. Children of the Rosendale school will sing patriotic songs.

Residents of Rosendale are requested to display American flags Sunday, and as many who can attend are urged to be present at the ceremonies. All residents of Ulster county are invited.

USE NOVEL THANKSGIVING DESSERT

Cranberry sauce, chopped walnuts, spices, grated orange rind, graham crackers—all baked together in a harvest yellow dish—add a new dessert note to the traditional Thanksgiving feast.

By GAYNOR MADDOX
NEA Staff Writer

To give thanks is traditional. But a little novelty in the Thanksgiving menu is a good thing, too.

Try serving your cranberries in a rich dessert. Here's an exclusive recipe—bright red cranberries to be baked in a harvest yellow dish:

Baked Cranberry and Walnut Dessert (8 servings)

One-half cup sugar, 1½ cups graham cracker crumbs, 1 teaspoon cinnamon, ½ cup chopped walnut meats, 1-3 cup melted butter or fortified margarine, 1 tablespoon grated orange rind, 3 cups cranberry sauce, ½ cup cream, whipped.

Mix together sugar, graham cracker crumbs, cinnamon, walnut meats and melted butter or fortified margarine. Pat 2-3 of this mixture into well-greased large yellow dish of heat-resistant glass refrigerator-oven set. Add grated orange rind to cranberry sauce; pour on top of crumb mixture in dish. Place remaining crumb mixture on top of cranberry sauce. Bake in moderate oven (350 degrees F.) for 30 minutes. Cool and decorate top with whipped cream.

For the Thanksgiving guests who like lots of spice in their pumpkin pie, here's a fine recipe:

State Vacancies Called Big Chance for Engineers

Albany, N. Y., Nov. 11 (AP)—The State Public Works Department reported today it had immediate openings for more than 500 new engineering and architectural personnel.

The jobs, described by Supt. Hertram D. Tallamy as an "opportunity of a lifetime" for qualified men, pay annual salaries ranging from \$1,725 to \$8,537.

Tallamy said the vacancies existed at the department's offices here and at Utica, Syracuse, Rochester, Buffalo, Hornell, Watertown, Poughkeepsie, Binghamton and Babylon.

Most of the higher paid titles require graduation from engineering colleges. However, a large number can be filled by men with only a high school education, Tallamy said.

However, the 5,876 decrease still left 2,114,994 persons employed in the executive branch of the government.

Automotive Group Denies Assertions On Buyers' Losses

Philadelphia, Nov. 11 (AP)—Charges by Rep. Kingsland Macy (R-N. Y.) that new car buyers had lost more than \$450,000,000 through questionable trade practices were described as "inaccurate and exaggerated" by members of the Philadelphia Automotive Trade Association.

"People buying new cars didn't have to buy a single extra with them if they didn't want to," George Gorsion, an association member, said last night.

Rep. Macy had said buyers had lost their money through un-

wanted extra gadgets and on undervalued trade-ins in the first seven months of this year.

Gorsion explained that only those who insisted on immediate delivery of a new car, direct from the showroom, had to take extras on which they hadn't counted. He added that this was because the showroom models came so equipped.

Prospects of Settling Strike Held Bright

New York, Nov. 11 (AP)—Prospects of settling the 28-day-old strike of C.I.O. brewery truck drivers were reported bright today.

"A solution is in progress," Theodore W. Kneel, director of the city Division of Labor Relations, told newsmen early today.

He made the statement after a conference with representatives of the Brewers Board of Trade and of the C.I.O. Brewery, Flour, Cereal, Soft Drink and Distillery Workers of America.

Kneel said "an announcement regarding the dispute" was expected to follow a union-management meeting at city hall later in the day.

Seven breweries and four distributing plants in the city now are tied up by a rank-and-file strike in protest against a stepped-up delivery time schedule.

Individual settlements have been effected since 3,000-odd drivers and helpers struck originally against a dozen breweries and the distributing plants.

The seven major breweries said at a press conference yesterday that they had unsuccessfully offered to submit the dispute to an impartial arbitrator. They said their overtures had been blocked by one man, whom they declined to name.

The brewers said they had made a five-point offer, including provisions that the delivery time schedule would be discontinued pending a decision by the arbitrator, and that all the men would be reemployed without discrimination.

Breweries still struck are Schaefer, Ruppert, Liebmans, Piel, Trommer, Burke and Rubsam and Horrmann.

New Public Relations Director Creates Stir

Harrisburg, Pa., Nov. 11 (AP)—Democratic State Chairman Philip Mathews said today appointment by Gov. James H. Duff of a new public relations administrator at \$10,400 a year "indicates a serious squeak in the Duff senatorial hind wagon."

Mathews said he referred to the naming of Robert M. McCormick, of Sarasota Springs, N. Y., to the new post. Duff and G. Mason Owlett, Republican national committee chairman, differed sharply at the time of the G.O.P. national convention last June.

Noting Duff went to New York to find McCormick, Mathews said: "Amongst all the fine products of Pennsylvania, the governor could not find a Pennsylvania newspaperman with the experience, knowledge and technique to sell his own state to the rest of the nation."

This, Mathews said, "is either a serious reflection on the governor's research experts or on the newspapers of Pennsylvania."

Duff announced McCormick's selection yesterday, explaining to newsmen that the new appointment will be a "general administrative go-getter" who will work with the State Commerce Department in publicizing Pennsylvania as a place to live and do business.

He denied that the move had anything to do with his own future political plans, declaring that he "was not running for anything."

Flavor When Cold

Flavoring should be added to custards, boiled frostings, candies, and so forth, when they are cold, otherwise part of the essence may evaporate.

Says Reds Are Busy On Plan to Wreck U. S.

New York, Nov. 11 (AP)—Ex-Communist Louis Budenz said today that American Communists have been working for 25 years on a master plan to paralyze the economic life of this country in the event of a war between Russia and the United States.

Writing in Collier's Magazine, the former managing editor of the Communist Daily Worker declared

that on "S-Day or Soviet Day," the first day of a war with Russia, American Reds would attempt great strikes in Pittsburgh, Chicago, Detroit, Cleveland and San Francisco.

"In the event of war with Russia," Budenz added, "a true party member would turn against his own family and people without hesitation to aid the Soviet Union. To that he is pledged."

"Furthermore, there has long been an elaborate apparatus set up by Communists to strike our war plants, sabotage military objectives and create rebellion, de-

featism and civil war among us as soon as war begins."

According to this Communist blueprint, which Budenz says he himself took part in planning, the Communists expect to get their major support from labor unionists, farmers, Negroes and American youth.

"When the signal for S-Day comes from Moscow," Budenz added, "the stage will have been set according to the textbook of the conspiracy, the program of the Communist International, which says this phase 'must be

conducted according to the rules of war."

"When a few days after the armed insurrection begins," the government of the United States will have been overthrown and a Russian commissar will be enthroned in Washington. Russia will rule the world."

Budenz said the best way to forestall any Communist hope of achieving such a goal is to outlaw the party now.

Vatican City, with a population of 1,025 and an area of 108.7 acres, is the world's smallest state.

Giant Mars Boat Goes to Aid of Ark

Alameda, Calif., Nov. 11 (AP)—An SOS, strictly from hunger, fetched a giant Mars flying boat today to the rescue of a modern Noah's Ark.

Elephants and tropical birds consigned to American zoos are desperately short of food, radioed the S.S. Swarthmore Victory 1,000 miles off shore.

A free translation of the animal SOS—save our stomachs—

hustled the navy out after (1) authorization from Washington for a new kind of operation vessels and (2) a dozen bales of hay and 2,500 meal worms. The navy got both.

Early this morning the plane took off with the lead watercraft packed on floats and parachute rigged for dropping near the zoo ship. But if the sea is calm, the plane may transfer its cargo to one of the ship's boats.

Besides eight baby elephants and the worm-eating, exotic birds, the Pacific Far East Line ship has monkeys, sun bears, tree ducks, king cobras, pythons and golden

cats. Most of the animals came from Siam.

Flavors Coleslaw

Mincing parsley improves the flavor of coleslaw; add a generous amount to the salad before folding in dressing. Thinly shredded green pepper also makes an excellent addition. Both parsley and green pepper add good amounts of vitamin A to the slaw.

Aged Eel Near Death

Stockholm (AP)—An 88-year-old eel in the museum of Halsingborg, Sweden—claimed to be the oldest aquarium fish in the world—is falling rapidly. Caught by two boys in a creek outside the south Swedish city in 1863, the eel, named Putte ("Ducky" in English, "Pueppchen" in German) has outlived his captors. About a year ago Putte developed a tumor and is now getting weaker and weaker. Experts on fishes' diseases have not been able to help him.

Fed Up on Diet

William Childs of Cleveland, Ohio, thought his 128-pound wife, Jean, above, was constructed on "too large a scale." So the amateur weight-lifter put her on an eight-day water diet and made her join him in weight-lifting so that she'd lose poundage. She got fed up, sued, and the judge said "Divorce granted."

Crunchy toasted Kellogg's All-Brand muffins loaded with cheese... you'll get "traves" on these every time!

2 tablespoons melted shortening
1 egg, slightly beaten
1 cup milk
1 cup Kellogg's All-Brand

1 cup sifted flour
2 1/2 teaspoons baking powder
3/4 teaspoon salt
1 cup grated American cheese

1. Combine shortening, egg and milk; add All-Brand and let soak for five minutes.
2. Sift flour with baking powder and salt; add cheese. Add to first mixture and stir only until combined.
3. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400°F.) about 25 minutes.
Yield: 9 muffins (2 1/4 inch size).

Grange Leaders Predict Battle Over Price Helps

Portland, Me., Nov. 11 (AP)—A sharp fight in the next Congress over farm price support laws was forecast today by leaders of the National Grange.

Here for the farm organization's 82nd annual convention, Grange leaders expressed opposition to a congressional proposal for drastic revision of a long-range farm law passed by the Republican-controlled 80th Congress.

They also predicted the proposal would be opposed by President Truman and his Agriculture Department.

The revision proposal was made in Washington yesterday by Rep. Cooley (D-N.C.) who is due to become chairman of the powerful House Agriculture Committee in January.

Cooley's attack on the G.O.P. program was directed principally at revision of a formula for calculating the so-called "parity" or "fair" farm prices and a shift to a flexible support program. Both are due to become effective in 1950.

(Parity is a price calculated to give farmers a return on their products equal to that prevailing in a former period generally favorable to agriculture.)

The Grange, as well as the American Farm Bureau Federation, supported these provisions when they were before the last Congress.

Albert S. Goss, master of the national Grange, said his farm organization was expected to oppose the revision.

In his keynote speech at the opening session of the Grange convention, Goss described the G.O.P. law as providing essential "defenses" against another farm depression.

Herschel D. Newsome, master of the Indiana state Grange and member of the convention's committee on agriculture, predicted the Grange would fight Cooley's "plan to kill improvements in the federal farm program."

The new farm law would lower parity prices on most crops and raise them on most livestock products.

It also would replace the present rigid 90 per cent parity price supports for basic crops with a

Man Dies in Rocker, Companion Sits Starving

New York, Nov. 11 (AP)—Police broke into a 25-room Staten Island house yesterday, and found two elderly men seated in rocking chairs—one of them dead and the other suffering from starvation.

The two, Morris Driscoll and Charles Sharrott, both 76, had served for years as caretakers in the house, once owned by a New York banker, Edward W. Brown, who died about 15 years ago.

Driscoll, suffering from starvation, was taken to a hospital. He told police Sharrott had died two days earlier, and "the shock" was so great I couldn't stand it.

"I sat in my chair and I couldn't get up to phone a doctor or anything," he said. "I couldn't even go to the kitchen for something to eat."

Police broke into the house after a delivery man reported that bread left at the door had not been picked up for three days.

The United States normally produces over 1,000 tons of pig iron per 1,000 population each year.

system of flexible supports ranging from 60 to 90 per cent of parity.

Supports would be high in times of crop shortages to encourage production and low in times of surpluses to discourage overproduction.

Goss, who was among the first to urge the flexible system, favors it because, he said, it would lessen the need of government controls.

Cooley, on the other hand, favors continuation of present support levels. He would couple them

with government production and marketing controls to prevent surpluses.

Newsome said he believed Cooley would run into opposition from President Truman and Secretary of Agriculture Brannan. Both recommended the parity re-

vision and flexible supports to the 80th Congress. They reiterated their support of them during the recent campaign.

In fact, the Democratic administration urged that they be made effective in 1949 instead of 1950 as Congress decided.

Vienna, U. P.—American soldiers in Vienna have already made their plans to insure Viennese children a Merry Christmas. The soldiers have scheduled six events by which they hope to raise enough money to increase the number of

children's parties they have been giving every Christmas since they entered the city in 1945. The events include two theatrical performances, a football game, boxing match, car raffle and a radio request program.

Three N. Y. Dems Are in Line for Chairmanships

By JAMES C. MUNN

Washington, Nov. 11 (AP)—

Three New York Democrats are in line for important House committee chairmanships when the 81st Congress gathers. This is one more chairmanship than the state's Republicans held in the Republican-controlled House of the expiring Congress.

Now, with the Democrats back in the saddle after a two-year lapse, these New Yorkers are slated to head these House committees.

Rep. Sol Bloom, New York city, foreign affairs; Rep. Emanuel Celler, Brooklyn, judiciary; and Rep. Andrew J. Somers, Brooklyn, public lands.

In the last Congress, Rep. John Taber (R.), Auburn, headed the powerful appropriations committee. New York's Republicans also lost the chairmanship of the armed services committee. During the past two years it has been held by Rep. Walter G. Andrews (R.), Buffalo. Andrews did not seek reelection.

Nothing New Bloom's leadership of foreign affairs will be nothing new to the 78-year-old one-time theatrical producer. He headed the committee for several years prior to the 80th Congress, when the Republicans took over.

Somers will be starting his 13th consecutive term when the new Congress convenes January 3. Despite his long service, Somers probably is one of the least-known men in the House. His policy has been to remain in the background and let others take the headlines.

Celler, on the other hand, has none of Somers' desire to stay in the background. "Manny," as he is familiarly known, is one of Congress' most prolific issuers of statements.

During the last session it was a rare week when he did not release a statement dealing with the Palestine issue. He has been severely critical of the British.

May Be Fourth There is at least an outside possibility that Rep. John J. Delaney of Brooklyn, may become the fourth New York Democrat to head a House committee—expenditures in the executive departments.

The possibility stacks up this way: Ranking Democrat of the com-

mittee, as it now stands, is Rep. John W. McCormack of Massachusetts. If, as expected, McCormack chooses to return to his former post as House majority leader, next in line for the expenditures chairmanship is Rep. William L. Dawson of Illinois. Dawson is a Negro and in modern times at least no member of his race has headed a congressional committee. That does not mean that Dawson would decline the chairmanship if McCormack steps aside to become majority leader.

But if Dawson should decline, next in line would be Delaney.

Pudding Sauce A sauce for holiday puddings may be made by creaming a half cup of butter or margarine with one and a half cups confectioners' sugar; an egg is then added and the whole thing beaten well. Next mix in a tablespoon or two of boiling water and a half teaspoon of vanilla.

On the eve of World War II, automobile registrations totaled 32,500,000 in the United States.

Variety Program For Vaudeville

The Gleason Sanborn Trio, recording artists who play some of the tiniest instruments in the world, will head the five act professional vaudeville show at Walter Reade's Broadway Theatre in Kingston, on Friday and Saturday.

The unit, consisting of Fred Sanborn, Jeanné Gleason and Julie Gleason, opens its act with conventional-size accordions, but then switches to pocket-size cor-

nets, trumpets, violins and trombones.

One matinee and two evening shows will be presented, in addition to the first-run screen attraction Inner Sanctum with Charles Russell.

Also featured will be Bernie George, who for the past 13 weeks has appeared on the American Broadcasting Company network as a comedian and impressionist. He will act as master of ceremonies.

Acrobatics will be supplied by Kay and Kay, a pretty brunette and her male partner. They do balancing and teetering routines. Garner and Wilson, colored comedians who have appeared

with the Duke Ellington stage and musical shows, will stage their comedy act "Speed and Love."

Closing number will be the "Three Extremes", a comedy knockout act billed as "The Long and Short of It."

Kitchen Tips

Mix 1 1/2 cups graham cracker crumbs with a few tablespoons of sugar and about 1/3 cup melted butter or margarine; spread the crumb mixture over the bottom of a pie plate, pressing down evenly with the palm of the hand. Chill about an hour before adding a custard filling or one made of fruit and whipped cream.

Do You Remember

by SOPHIE MILLER

Jake Lay, cook at the Ulster County Jail, told me this one about the old Mary Powell days. It was back around 1891 that the big cyclone hit the Queen of the Hudson while he was on the boat. Jake said: "The wind and rain blew so we thought we'd never make it to Rondout! The smoke stacks laid right down on the deck and most everything else that wasn't nailed down tight blew off!" But the good old Mary Powell, true to her crew and passengers made it, although she was a sorry sight when she limped into our Rondout Harbor.

I wonder how many folks knew or noticed that the Mary Powell was thoroughly heated by steam and lighted by electricity back in the 1890's? Those were the days when you could get a round trip fare to Albany and back for only 50 cents.

For one silver dollar there were special July excursions to New York city. In fact it was a sight-seeing tour to the Statue of Liberty, Brooklyn Bridge and around the several fortifications. How many folks today would prefer such a trip for their families in preference to riding alone in their cars? To catch such a boat trip, you had to be up early for she left our Rondout dock at Ferry street at 6 in the morning and Captain Anderson left right on the dot, he waited for no one. Well . . . I'll never forget the sunrises and sunsets and churning of the big wheel I witnessed as a youngster from its many lacy decks.

Glanious-gai, Mary Powell, had a face lifting job in 1897 with a new hull, hog frame, her engine entirely overhauled, the copper and bow renewed and even all the furniture and fittings redone. The grand old floor in the dining room scraped and refinished. So the proud owner spared no expense to keep her the most beautiful steamer on the majestic Hudson. Now we learn that 1948 completely closes the chapter on Dayline boating for folks like us. Sad!

Boy Reported Safe
Boston, Nov. 11 (AP)—Shortly after police broadcast yesterday that James Lewisohn, 15, was missing from Peekskill, N. Y., military academy, his father, Prof. Ludwig Lewisohn of Brandeis University, announced the boy was safe and unharmed with friends.

Clock Workers' Wage Demands Cut Force

Waterbury, Conn., Nov. 11 (AP)—Union pressure for "ever increasing wages" has been blamed for a drastic curtailment in the working force of the U. S. Time Corporation here.

Since last August, about 1,000 production workers have been discharged at the corporation's two clock and watch plants where in August 3,200 were employed at a weekly payroll of \$180,000.

Joachim Lehmkuhl, company president, said yesterday that the entire working force will be cut to 1,000 by January 1, slashing the payroll to \$60,000 per week. About 400 dismissal notices were issued this week at the two plants.

"We are faced with a wage level," Lehmkuhl said, "which has risen to a point where drastic curtailment in our working force is our only alternative."

"We have constantly pointed out to those negotiating for ever-increasing wages that the limit of our ability to absorb such increases has long since been reached, and that further increases would literally price our products out of the market."

The corporation workers are represented by two unions, the Waterbury Watch Workers Union (A.F.L.) and the International Association of Machinists (Ind.).

The A.F.L. union won a graduated pay increase of from seven to 10 cents an hour last summer with two cents of the increase scheduled to become effective January 1.

Union officials had no immediate comment on Lehmkuhl's statement.

'Phone Company Makes Agreement On Wage Contracts

The New York Telephone Company today announced final ratification of agreements with the eight independent unions representing nearly 60,000 employees in the company's commercial, plant, traffic, accounting and general departments. New contracts to run from October 1948 to April 1950 include general wage increases ranging from \$2 to \$5 per week depending upon occupation and upon rate of pay. Certain special adjustments in maximum rates of some occupations are also included.

Commenting on the settlement, Carl Whitmore, president of the company, said that negotiations with the unions had involved several months of conference and study by both parties in arriving at the final agreements. "These agreements," he said, "were made after careful review of wage levels with other businesses in the various labor areas of New York state of jobs requiring similar skill and qualification."

"Today we are in a period of increasing expenses," Mr. Whitmore said. "The three rounds of wage increases since 1945 alone have increased operating expenses by \$8 million dollars annually. In addition, prices for raw materials and construction and other costs incurred in expanding and improving telephone facilities in New York state have risen sharply in recent years. Take lead, copper, and cotton, for example; these materials used extensively in building telephone facilities have risen 277 per cent, 108 per cent and 226 per cent respectively in price since 1940. Freight rates have gone up 37 per cent."

"As additional equipment has

been added the average investment per telephone has increased. At the beginning of 1948 each of the 4 million company telephones in New York state represented a plant investment of \$256. The cost of equipment added to serve each telephone going in today has risen to an average of \$390.

"Increased revenues from the larger number of telephones in service as well as improved methods and efficiency have absorbed some of the higher operating costs but the plant is now operating at maximum capacity and expenses of rendering service have more than offset the higher income."

"As a result there has been a steady decline in the company's earnings which currently are not providing a reasonable return on money invested in the business nor are these earnings large enough to attract additional capital needed to continue the company's expansion and improvement program which must be carried on at the present level of prices."

May Not Get Estate

Los Angeles, Nov. 11 (AP)—The \$1,500,000 estate of the late Earl Carroll may not go to a friend, Mrs. Jessie L. Schuyler, and to establish a cancer research clinic as provided in his will. An attorney, Charles A. Thomasset, said yesterday he represents French relatives of the showman's wife, who died 12 years ago, and is trying to determine if they have a community property interest in the estate. Thomasset has asked the courts to inform him of all probate proceedings. Carroll died in a plane crash last June 17.

Flavors Fish Dishes

Lemon, parsley, tomato or butter sauce do a lot to point up the flavor of fish dishes; watercress is also an excellent addition to a fish platter.

Armistice Day

SOPHIE SCHMIDTKONZ

November the 11th, is the date,
When fighting ceased—
And a truce was made—
With thankful hearts
Our heads we raised,
Our soul was filled
With heavenly praise—
We lived in peace,
For quite a while,
When sin again,
This world beguiled—
We prayed anew,
On bended knee—
"God only you
Can set us free"—
Our God did answer,
"This I'll do,
If you will fight
God fearing, true"—
So in we marched,
Through fire and flames,
Our God was with us,
In strife and pain—
And still, sin is wandering
Here and there,
Upon the earth
And in the air—
Oh, let us ever watchful be
And never cease praying—
"God keep us free."

Bill for Licenses Will Be Presented

A bill concerning requirements for hunting licenses will be presented by the Bookwalter Chapter of Hi-Y today at the Hi-Y Goshen assembly. The bill stipu-

lates that a color perception test and oral test concerning the care and operation of guns be given those seeking hunting licenses.

If the bill is passed at Goshen it will be presented later at the Hi-Y Albany State Conference, and if successful there, will have a chance of becoming a state law.

Those attending the Goshen

meeting from the local chapter are Eugene Berardi, secretary of the Hudson Valley council; Owen Cassidy, journal clerk; William Mould, author of the bill; and David Ralf, talker for the bill. Clarence W. Correll, youth director, will accompany the young men.

Shifting Army

Trieste, Nov. 11 (AP)—Unconfirmed reports have been received here that Yugoslavia has shifted her military strength from the Trieste border positions to defense positions deep inside Yugoslavia. These reports mostly from travelers here from Yugoslavia say seasoned Yugoslav troops which have

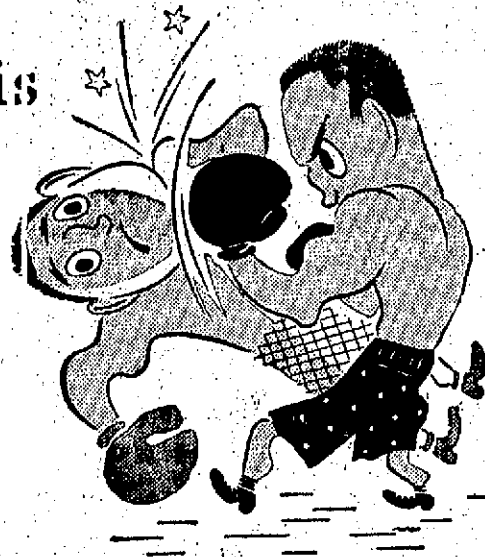

faced British and American forces across the Trieste-Friuli territory borders started to move back into Yugoslavia early in October.

Veterans Will Parade

New York, Nov. 11 (AP)—Veterans of two world wars will parade down Fifth avenue 2,000 strong today in observance of the 10th anniversary of the signing of the 1918 armistice. The 20-block march will end at Madison Square, where public officials and army officers will voice the country's hope for peace. There will be the traditional salutes fired by riflemen, and the sounding of taps for the war dead. Similar ceremonies are planned at various places throughout the city.

Scientist Believes War Under Ground Is a Possibility

By JAMES STREIB
Associated Press Aviation Reporter

Los Angeles, Nov. 11 (AP)—Will war someday be fought under the ground as well as in the air, on land and sea?

Dr. Fritz Zwicky, a scientist whose job is developing strange new engines for planes, missiles and torpedoes, says it is a definite possibility. In fact, he told a conference of aviation people yesterday, the "terra pulse" engine theory is known, and development is in an early stage.

How long it may be before an earth-burning engine—able to bore through the globe—can be built, Dr. Zwicky did not say. He made it clear, however, that it will be a long time because much must be learned of the earth's composition first.

Strange engines are Dr. Zwicky's business as director of research for Aerojet, world's largest builder of rocket motors and an important developer of non-rotating propulsion engines. He also teaches astro physics at the California Institute of Technology, Pasadena.

"The terra pulse engine," Dr. Zwicky said during a discussion of planned research in power plant design, "will propel a vehicle that will drill through the earth. That is something you have not seen yet, but which is absolutely in the scheme of things. We know its theory, how it can be done."

Among perhaps two dozen new propulsion plant types developed at Aerojet since Pearl Harbor, he said, is a hydro-pulse engine for torpedoes and other underwater "vehicles" making speeds of more than 100 miles an hour possible. He described the engine as far more efficient than any other propulsion unit.

Dr. Zwicky said Aerojet has developed a pulse jet engine several times as efficient as those used by the Germans in the V-1 "buzz-bomb." The pulse jet engine has no rotating parts. It depends upon forward motion to compress air in the combustion chamber and thus cannot start itself. It usually is launched with rockets.

Dr. Zwicky said the pulse jet engine will be much more efficient than the best turbo-jet engines now used in military planes.

Slow Roasting

It is not necessary to prick the skin of either duck or goose before or during roasting; no more fat runs out than if the skin is left unpricked. But be sure to roast at a slow to moderate temperature for best results.

Mrs. Charles Pallas is spending a few weeks with friends in New York city.

Mr. and Mrs. Eugene Hornbeck and daughter of Poughkeepsie spent Tuesday with Mr. and Mrs. Thomas Elliott.

Mrs. Arthur Kurtz entertained recently at a luncheon at the Old Fort and at bridge later.

Mr. and Mrs. Isaac Pole entertained Mr. and Mrs. George Stultz and sons of the Bronx on Tuesday.

Mrs. Daisy Tamney is spending some time in Marlborough.

Mr. and Mrs. Leslie Elliott and family were Sunday dinner guests of Rexford Schneider.

Miss Grace Clinton entertained Mrs. Charles DuBois and Joan Harris of Gardiner on Saturday.

Mr. and Mrs. Leslie Cook of Oceanide, L. I., were recent guests of Mr. and Mrs. Ralph Martin. They also called on Mr. and Mrs. DuBois Grimm in Modena.

Mrs. Murry Conover, son and mother, Miss Florence Gasking and mother, former sorority girls of the college, called on their house mother, Mrs. Isaac Dingee last week.

Mrs. Dingee is now living in Kingston.

Police Lieutenant Frank D. Williams, retired, left last Tuesday for St. Petersburg, Fla., to spend his 15th winter there. He expects to return to New Paltz the middle of next May.

The New Paltz Maroon gliders scored a 27 to 18 win over Marlborough last Thursday. The win enabled New Paltz to retain the cup the club won by tying Highland last year for the first place.

American Legion has met with the Legion committee to formulate plans for the children's Christmas party to be held December 23. The next game party sponsored by the Auxiliary will be held Tuesday, November 16, at 8:15 p. m. A special service for the Sullivan-Shafer Post of the American Legion, commemorating Armistice Day, was held in St. Andrew's Episcopal Church on November 7. The service was conducted by the Rev. J. Marshall Wilson, post chaplain, who also is pastor of the church.

The November meeting of the

Century Club was held in the social rooms of the Reformed Church Sunday night. Dr. Hugh Baillie MacLean of New Brunswick Theological Seminary was the speaker. He spoke on the "Relevance of the Old Testament." The service was in charge of Mr. and Mrs. Avery Cole and committee.

Ban on Comic Books Asked in Resolution
New York, Nov. 11 (AP)—A ban on comic books which "glorify crime and sex" is urged in a draft resolution to be presented today

to the convention of the New York State Federation of Women's Clubs. Mrs. George C. Porter, of Albany, federation historian, yesterday called for emergency action on the resolution. She said a plan—backed with

American foreign aid funds—to ship 10,000 comic books a month to Germany has been approved by the American commander there, Gen. Lucius D. Clay. She added: "I would not bar all comic books from Germany, but I would like some sort of clearing house

for their selection. Perhaps we shall have to have censorship boards in every state, as we have for the motion picture industry." She said measures must be taken to eliminate "vicious elements" from comic books. Other speakers at the conven-

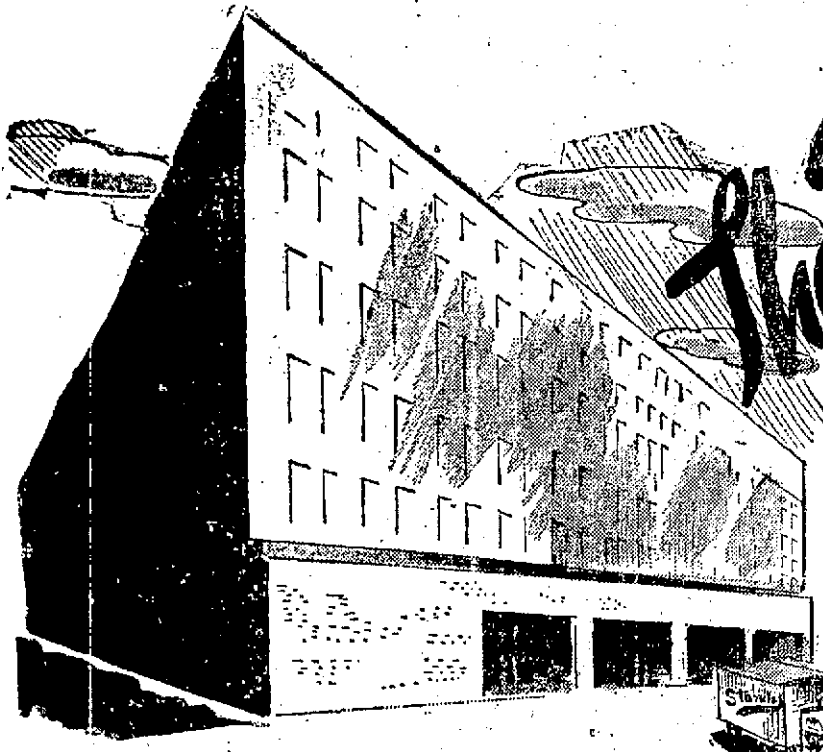

tion yesterday were Edwin C. Forsythe, of the New York State Division of Safety, and Halsey S. Carey, deputy commissioner of the State Bureau of Motor Vehicles. They called on the clubwomen to help in safety education.

No Serious Crop Loss Because of Labor Shortage
Albany, N. Y., Nov. 11 (AP)—There were no serious crop losses in New York this season because

of a farm labor shortage, a State Agriculture Department official says. Harry N. Haight, the department's farm labor coordinator, said last night that more workers could have been used at some places during peak harvest time.

But, he continued, "labor supply and demand compared very favorably with the past." Haight said "so far as we are able to learn from county agricultural agents there has been no serious loss of any crop this season" because of a labor shortage.

Senator Says He Will Oppose Attempts to Cripple Measure For Newspaper's Confidence

Albany, N. Y., Nov. 11 (AP)—State Senator Thomas C. Desmond said today he would "oppose any attempts to cripple the newspapermen's confidence bill."

The Newburgh Republican has sponsored a bill in the state legislature each year since 1946 to grant newsmen immunity from prosecution for protecting their sources of information.

The 1946 and 1947 attempts were unsuccessful. The 1948 measure was referred to the state law revision commission for study.

Desmond, in a statement, said he would "welcome any sound suggestions for improving the bill." But, he added he would "oppose any attempts to cripple the newspapermen's confidence bill."

He declared that "compromise feelers have been made to change my bill." He said proposed changes, which he termed "objectionable," would:

"1. Restrict the confidence privileges only to stories affecting the public interest."
"2. Permit district attorneys to get a court order requiring reporters to disclose their source of information."
"3. Permit reporters to withhold the sources of information,

but in such cases invoke a penalty on the publishers." Desmond said that "men who hitherto have opposed my bill realize that we shall come to the January, 1949, Legislature strengthened by the support of editors and freedom-loving citizens throughout the state." He added:

"Therefore, . . . they are sniping at particular clauses, and offering compromises holding forth the promise of quick passage of the bill. But all three proposals are objectionable."

Desmond sponsored the bill in the 1948 Legislature after two Newburgh newspapermen had been jailed for refusing to tell an Orange county grand jury where they had obtained a lottery ticket

reproduced in the Newburgh News.

The men were sentenced to 10 days in jail for contempt of court, but were freed on a legal technicality after serving half their sentences.

Action against the two, City Editor Douglas V. Clark and Charles L. Leonard, a reporter, was pushed by Orange County District Attorney Stanley B. Johnson, who was conducting a county-wide gambling probe.

Johnson was defeated in last August's Republican primary election by a former assistant, Clare J. Hoyt, who resigned in the midst of the probe. Hoyt was elected to replace Johnson at the Nov. 2 balloting.

Will Cite Reasons

In outlining his objections to the three proposals, Desmond said the law revision commission would be informed why he objected to these "appeasement proposals which would make a mockery of one of the basic freedoms."

The senator said the public interest in the proposed measure is not in "practice would sabotage the essential principles of the measure."

Who can tell in advance what news story is or is not concerned with the public interest? He asked.

He said he opposed giving district attorneys the right to seek court orders to make reporters disclose news sources because it evades the entire basic issue of press freedom. He added:

"Freedom of the press should exist regardless of the whims of district attorneys or judges."

Desmond labelled the third suggestion a "shrewd device to split the support behind my bill."

"This suggestion is designed to divide our forces by setting the publishers who are for my bill, against the editors and newsmen who are also for my bill," he declared.

The Law Revision Commission, which has conducted several hearings on the proposed measure, will report its findings to the 1949 Legislature.

Commission members include Chairman Young B. Smith of New York city, dean of the Columbia Law School; John R. Bartels of Brooklyn, and John F. X. Finn and Glen R. Bedenkapp, both of New York.

Ex-officio members are Philip W. Williamson of Scarsdale, chairman of the Senate Judiciary Committee; Harry A. Reoux of Warrensburg, chairman of the Assembly Judiciary Committee; Fred A. Young of Lowville, Senate Codes Committee chairman, and Malcolm Wilson of Yonkers, Assembly Codes Committee head.

They Hardly Believed It

Fairbanks, Alaska, Nov. 11 (AP)—The pilots of five B-50s who landed at nearby Eielson Field yesterday scratched their heads and wondered if—like Douglas Corrigan—they flew the wrong direction.

They landed on the hottest November 10 in the 40 years the Weather Bureau has kept records in Fairbanks. The temperature was a comfortable 48 above zero. "It was colder than that," one pilot observed, "when we took off from Tucson, Ariz., Tuesday night."

The air force men flew the 2,600 miles for the first tests of the B-50s under Arctic conditions. They had been looking forward to temperatures down to 40 below zero.

Tries to Confirm Reports

Pearl Harbor, Nov. 11 (AP)—The navy is trying to confirm reports that a foreign submarine was operating within a few miles of this Pacific fleet headquarters yesterday.

A submarine rescue vessel, the U.S.S. Bluebird, reported a possible contact nine miles south of Pearl Harbor. First reports to

Farmers' Committeemen Meet

Area committeemen of the Farmers' Home Administration from Ulster, Greene, Dutchess, Sullivan, Rockland, Putnam, Otsego and Delaware counties met in Kingston earlier this week to plan the work of the group for the coming year. Principals of the meeting shown in the above photo from left are Darwin A. Ward, state representative; Alex. Speits, state committeeman from State Hill; Frank A. Train of Tomorrow Goes Through City

The celebrated Train of Tomorrow, built by General Motors, and exhibited for the past year throughout the country, rolled through Kingston this morning en route to an exhibition in New Jersey.

Designed to portray what the future holds in store for railroad passengers in modern comfort and safety, the Train of Tomorrow consists of four different type streamlined cars hauled by an "A" unit diesel locomotive. Blue and silver is the color scheme of the exterior of the train, and the interior follows a modern pattern in its portrayal of dining and sleeping facilities and passenger convenience for daytime travel.

The Train of Tomorrow arrived in Kingston at 6:48 a. m. today and paused here long enough to switch out the dormitory car, a rebuilt Pullman that is attached to the train to carry supplies for

the crew but is not placed on exhibit.

Ben Turck, road foreman of engines for the West Shore Railroad, was riding the train, and Sgt. Everett Schoonmaker of the railroad police also accompanied the train on its trip over the river division.

Chrysler Workers Idle

Detroit, Nov. 11 (AP)—A dispute over production standards kept approximately 12,500 Chrysler Corp. workers idle today.

The disciplining of two men for failing to meet the rates was involved, and three plants of the big automobile company were affected. Two operators of a milling machine at the Jefferson avenue plant were sent home Tuesday night. As a consequence, the company said, 1,500 machine shop employees quit.

Treated for Dog Bite

Kenneth Riggins, 14, of 82 Broadway, was treated at Kingsboro Hospital Wednesday afternoon for a dog bite which he received while delivering newspapers on German street, the police reported.

 Buffalo, N. Y., Nov. 11 (AP)—A fire moved to a more convenient location when flames at nearby Sheridan Park locked a good water supply. A locomotive, answering the firemen's call, hauled a smoldering boxcar of charcoal a mile to a crossing near a hydrant. Then the blaze was put out.

Ulster Delinquency Cases Decrease in Report of Cashin

County Judge John M. Cashin, judge of the children's court of Ulster county, in his annual report to the Board of Supervisors makes a statistical report on the cases disposed of during the past year. Compared to 1947 there was a decrease in the number of formal cases from 60 last year to 35 in delinquency. In addition to the formal delinquency cases there were 25 informal cases treated, an increase of two cases.

Neglect cases decreased from 40 last year to 9 during the present year and physically handicapped cases decreased to 15.

Adult cases also dropped very materially from 72 last year to 37 this year.

In the neglect cases, four of the children adjudicated to be neglected were committed to the custody of the Welfare Department for placement and five cases were dismissed.

Most of the adult cases were "support proceedings" in which wives or other interested parties charged a husband or father with not providing adequate support for the wife or minor children. In most of these cases the respondents were directed to contribute to the support and maintenance

of their families, thus relieving the public welfare funds of possible contributions. In three cases men were brought before the court for failure to comply with the order of the court and were either committed to jail or placed on probation after making arrangements to pay. Consent was granted one girl over 14 but under 16 to marry and one boy was certified to a mental institution.

Judge Cashin expressed his thanks for the cooperation of children's workers of the Welfare Department, the probation officer, Catholic Charities agent, sheriff and his staff, state police, city and various police officers throughout the county.

In the statistical portion of the report Judge Cashin reports there were 32 delinquent boys and three delinquent girls before him on formal application; four neglected boys and five neglected girls; 16 physically handicapped boys and 13 girls. The causes of delinquency were 15 boys for burglary and unlawful entry; 7 others stealing; 3 truancy; 6 boys and 3 girls for acts of carelessness or mischief and one boy for a sex offense. There were four boys and five girls brought before him in neglect cases where adequate physical care was needed. Fifteen boys and 9 girls who were physically handicapped were before him in need of physical care and one boy and four girls physically handicapped in need of education.

Disposition of delinquency and neglect cases was as follows:

Placed on probation: 13 boys. Committed to institution for delinquent children three boys. Committed to public department or officer four boys and one girl. Judgment was suspended on four delinquent cases involving boys. Eleven cases of delinquency involving boys and three involving girls were dismissed and one case of neglect of a boy and four girls dismissed.

Physical care was ordered for 15 physically handicapped boys and 9 girls and education was ordered for one boy and four girls who were physically handicapped.

In the adult category involving 37 men, 26 of the cases involved inadequate support of dependents, 8 cases were of children born out of wedlock and three cases were where there was failure to comply with a court order.

In the adult cases two men were committed, 27 were ordered to contribute to families, one was placed on probation and 7 cases were dismissed or petition withdrawn.

Two cases were reheard without a new petition and the two men involved were placed on probation.

ment over to the end of the year and \$8,000 to complete the year in the County Home account. Later resolutions were offered transferring those sums from the surplus account to the welfare needs.

County Treasurer Rifenbar, reported the county's share of the State Employee Retirement Fund for the year was \$46,500. It will be necessary to raise this sum by taxation.

Director Howard C. Shriver asked for \$2,000 for office administration expenses for the County Veterans' Agency. Referred to committee on appropriations.

The annual report on Bovine Disease Eradication was received and filed, and a request for \$2,000 appropriation was referred to the Committee on Appropriations. There is a balance in the fund on November 1, 1948, of \$1,767.77. Last year the appropriation was \$2,600, which, with the balance on hand at the beginning of the year placed \$3,370.08 in the fund. The expenditures were \$1,969.31. The report stated the county veterinarian had tested 2,710 animals and 8,343 were tested by others. Twenty-one towns were reported "clean" and two infected herds were discovered. Tests for Bangs disease by the county veterinarian numbered 4,498 and tests by others 3,383. Calves vaccinated by the county veterinarian 970 and by others 870. The complete report was filed with the board.

Heaton Gives Report
 County Auditor J. H. Heaton made his annual report and asked appropriations for the following special purposes: Auditor's Fund \$50,000; feeding jail inmates \$8,500; repairs to county buildings \$6,000; interior of jail work \$9,500.

In his annual report Mr. Heaton reported the following money spent on the various buildings of the county during the year and for specific purposes:

Court house \$10,434.83. County clerk building \$2,048.64. Van Buren building \$1,137.83. Main street building \$2,313.57. Fair street building \$1,276.11. Jail \$887.37. County garage \$170.93. Motor Bureau \$2,248.28. Superintendent of Highways \$21,89.89. Sheriff \$3,085.07. County Attorney \$417.50. County Auditor \$219.56. County Clerk \$17,447.19. This item includes the purchase of photostat machine. County Judge \$1,244.17. County Treasurer \$954.14. District Atorney \$1,273.14. Surrogate \$792.94. Supervisors' expenses \$1,409.69.

Board of Elections \$321.10. Civil Service \$491.23. Veterans Service Agency \$1,899.24. Jail inmates \$1,238.89. Supplies \$631.19. Supreme Court library \$104.37. Supreme Court, civil, \$288.96. Sealer of Weights and Measures \$16.66. Total \$55,638.45.

In his financial report Mr. Heaton reported the total amount available in the funds \$63,314.72 and the expenditures \$55,638.45. Balance November 1, 1948, \$7,676.27.

The cost of feeding jail prisoners during the past year was \$7,325.04. Balance in fund November 1, 1948, \$692.09. Repairs to county buildings cost \$8,019.40 and the balance now is \$7.81. Interior of jail work \$9,211.56 and the balance is \$2,060.65. Publicity Committee spent \$2,829.23 and the balance November 1, 1948, was \$417.92. Probation officer account expended \$405.44 and the balance is \$78.88. Veterans Agency travel expense \$457.20 and the balance \$140.29. Deputy sheriff fund spent \$457.40 and the balance November 1, 1948, was \$282.30. The report of Mr. Heaton was filed and the request for appropriations referred to Committee on Appropriations.

Again the increasing cost of government was reflected in the reports of the Farm Bureau, Home Bureau and 4-H Club. The Home Bureau which had an appropriation of \$6,500 last year asked for \$7,600 for 1949. There was a balance in the 1948 fund of \$961.46 on October 31, 1948. The 4-H Club had an appropriation of \$8,500 last year and asks \$10,240 for next year. There is a balance of \$1,014.04 to carry the department to the first of the year. The Farm Bureau with an appropriation of \$6,500 last year asked \$10,788.79 for 1949. In that fund on October 31, 1948 there was a balance of \$1,658.79 to carry on the work until January 1. The reports were referred to the Committee on Appropriations.

The Committee on County Treasurer and Sealer made its report on mortgage tax money distribution and a resolution was later offered to apportion the moneys as reported. The town shares were published on Tuesday. Out of the town of New Paltz share the village of New Paltz is apportioned \$70.26; Rosendale town apportioned \$285.78 to the village of Rosendale. Saugerties village gets \$1,187.57 of the town's share. Pine Hill gets \$118.34 of the town of Shandaken's share. Ellenville gets \$1,064.97 of the amount reported for the town of Wawarsing and the

city of Kingston's share is \$15,594.17.

Surpluses Transferred
 Surpluses in various funds were transferred to the Surplus Fund as follows: \$5,000 from Dependent Children Fund; \$6,000 from Veterans Service Agency money received from the state refund; \$568.25 from Adult Polio Fund; \$1,683.09 from Dog Vaccination Fund.

A vote was taken on an amendment to the contract with the state for snow removal from state highways. Under the amendment, which was recommended by County Attorney Stang, the state may become a party to an action for damages resulting from snow removal work and will become liable for payment of any judgment in excess of the amount of insurance carried by the county. The matter was presented at the Monday session but during a discussion a vote was delayed and not taken until after a motion to adjourn was made. The matter was called up again last evening for a vote to straighten out the record. Carried.

Resolutions of the previous session were called up and adopted. Bills were presented and ordered paid in the amount of \$347 for publishing the tax sale redemption notices.

Clerk Simpson announced a meeting of the Salaries Committee on Friday at 3 p. m., the Equalization Committee on Friday at 4 p. m. Insurance Committee Friday at 2:30 p. m. Notice was also given that all applications for refunds on tax errors must be in by November 12. Returned school tax water and sewer assessments must be in by December 1 and all Highway Committee bills must be in by November 15.

The board adjourned to meet at 7:30 on Friday evening.

Mr. Truman's mustache and chin whiskers excited comment among newspapermen. The President explained that the whiskers were not a "Van Dyke" but a "Jeff Davis."

However, the arrival of Mrs. Truman and Margaret tomorrow likely will bring an end to the President's experiment with whiskers.

was discussed. It was brought out that taxes alone force some small corporations, which are the backbone of many smaller cities, out of business. Raymond Garrahan and the secretary were appointed to draw up a suitable resolution and urge small businesses to make their situation and stand known to the proper authorities.

The possibility of a community chest in Kingston brought forth much discussion on both sides of the issue. It was finally decided that unless the representatives of the organizations, which may be involved, show much more active support of such a movement, the Chamber of Commerce should not take the lead in proposing this community activity. It was reported that at previous meetings of organization representatives that no general enthusiasm was manifested in favor of a community chest. On the other hand many canvassers expressed the opinion that two or three drives instead of eight or ten would be very beneficial.

After a discussion of the National Affairs Conference held in Poughkeepsie, Tuesday night and attended by six representatives from Kingston, including Mayor

Oscar V. Newkirk, it was decided to delay the appointment of a National Affairs Committee until after January 1.

The secretary was instructed to get more information about the business conference which could be held in cooperation with Bard College and ascertain if members could be interested in having a series of four or five conferences during the winter months.

The secretary reported on the Christmas Decorating Program. Harry Reppert will be unable to continue his responsibilities as chairman of the project because of illness. A successor will be named at the next meeting of the group Monday night. It was reported that Samuel W. Siegel, president of Kingsley Fashions, has accepted the chairmanship of the industrial division. He will address letters to all industries and many others urging financial support of the Christmas project.

Mayor Newkirk reported on his activities in the field of low-cost housing and stated that plans for a formal survey of the need would be announced in the near future. He complimented the Industrial Promotion Committee on its recent statement that the lack of low-cost rental housing is the number one industrial development problem in Kingston.

Those present at the Kingston Chamber of Commerce directors meeting in addition to Chairman Rowland and Mayor Newkirk were James H. Betts, Pratt Boice, Frederick J. K. Ertel, Eugene Fowler, Raymond W. Garrahan, Adrian Kaplan, Louis R. Netter, Harry Rigby, Jr., Edmund P. Rochford, Clifford D. Rose, James L. Rowe, George W. Schneider, Edwin T. Strong, Robert E. the Taft-Hartley law over the presidential veto.

Is Virtual Czar
The new labor law built up the general counsel's position to one that labor unions have said made Denham a virtual "labor czar."

Whereas the N.L.R.B. under the Wagner Act had been prosecutor, judge and jury over labor cases, it became simply a deciding court under the Taft-Hartley law. Full power over prosecutions was given to the general counsel's office.

Denham, a Republican, quickly stirred the wrath of labor unions by his rigid enforcement of the new law. At the outset he ruled that no A.F.L. or C.I.O. union could use the N.L.R.B.'s facilities until top officers of the two groups signed the controversial non-Communist affidavits.

The five-man N.L.R.B. soon revised this interpretation, however. It exempted top A.F.L. and C.I.O. officers from the affidavit requirement, but held that officers of individual member unions must sign the pledges to become eligible to make use of the board.

One of Denham's most spectacular fights has involved the A.F.L. International Typographical Union and its alleged attempt to bypass the Taft-Hartley Act's ban against the closed shop.

Denham vs. Van Arkel
This pitted Denham against one of his predecessors as N.L.R.B. general counsel, Gerhard Van Arkel. As the I.T.U.'s chief lawyer, Van Arkel asked the Labor Board to strip Denham of his power to obtain court injunctions against unions accused of unfair labor practices—the procedure followed in the I.T.U. case. This plea so far has been ignored by the board.

Longshoremen's Strike Hits Both Coasts; Thousands Idle

By M. L. STEPHENSON
New York, Nov. 11 (AP)—A major part of America's shipping was crippled today by longshoremen's strikes on the east and west coasts.

The port of New York—foremost in the world's commerce—was almost paralyzed as thousands of men stood idle.

The "blitz" also hit the important harbors of Philadelphia and Boston, where other thousands joined a rank-and-file protest against a wage settlement negotiated by A.F.L. union leaders.

Spread of the walkout to additional ports from Portland, Me., to Hampton Roads, Va., by tonight or tomorrow was feared.

A gulf coast stoppage has been promised if the east coast strike becomes official and complete.

A crippling west coast strike of C.I.O. unions has idled ships and men from Alaska to Mexico for many weeks.

There was a possibility, however, that the east coast walkout might be short-lived.

The S. S. American, queen of the U. S. Merchant Marine, was due to steam into the New York strike area today with nearly 1,000 passengers from Europe. They faced the possibility of tottering their own luggage—as passengers did on several ships sailing and arriving yesterday.

The British Liner Mauretania, which had been due here tomorrow with more than 1,000 passengers from Southampton, has been diverted to Halifax, Nova Scotia. Special trains will carry passengers from there to New York and other major U. S. cities.

Effect of the east coast strike on Marshall Plan shipments was uncertain.

The fate of cargoes on ships still at sea and bound here was a major problem for maritime companies.

Special police patrols guarded the New York waterfront round-the-clock, but all was peaceful.

Up to 10,000 of New York's 25,000-odd members of the A.F.L. International Longshoremen's Association (I.L.A.) were reported to have joined the walkout which began before dawn yesterday.

Custom house figures showed 41 ships were affected here immediately, in addition to 16 already lying idle as a result of the west coast strike. Yesterday's rain, which normally would curtail dock work, and today's Armistice Day holiday obscured the full impact of the walkout.

About 6,500 dock workers remained away from their jobs in the Philadelphia and Wilmington, Del., area last night after voting to reject the tentative union agreement for a basic wage increase of ten cents an hour plus other benefits.

Virtual paralysis of docking in the district was forecast by union leaders.

Joseph P. Ryan, international president of the I.L.A., said 5,000 longshoremen quite work in Boston yesterday.

Shipping operations in the nation's east and gulf coast ports depended upon three-day voting on the wage pact by 65,000 members of I.L.A. locals in ports from Maine to Virginia. The voting ends tonight.

Final tabulation of the voting was looked on as the determining factor in whether the walkout would be short or long.

The New York port tieup, which affects several piers on the New Jersey side also, came after locals in Manhattan and Brooklyn rejected the tentative settlement with the New York Shipping Association. The pact—announced early Tuesday—would raise the day-shift straight-time pay from \$1.75 to \$1.85 an hour and the night and week-end overtime rate from \$2.62½ to \$2.77½.

Ryan originally urged immediate membership ratification of the terms, but top union leaders are reported now to be sympathetic to the rank-and-file holdout for a better deal.

Two unions of men who man the ships—the C.I.O. National Maritime Union and the A.F.L. Seafarers International Union—were expected in union circles to refuse to sail ships from any docks where union longshoremen are not working.

\$4 Million Lure Before Benny in War of Networks

Hollywood, Nov. 11 (AP)—The war of the networks broke into the open today with the Jack Benny show as the main battle-ground.

Both NBC and CBS are dangling million-dollar offers before the "lightning" comic. Daily variety reported NBC the winner with an estimated lure of \$4,000,000. Benny's lawyer denies a deal, has yet been made.

Meanwhile, CBS is bringing up reinforcements. Foreman William Paley arrives in town today.

This is no cold war. It has been waged hot and heavy over cocktails in Hollywood's huckster bawls.

It started a year ago when NBC dealt a heavy blow by luring away such CBS stalwarts as Jimmy Durante, Ozzie and Harriet, "Take It Or Leave It" and the "Hit Parade."

Berett of all but one topnotch show (Radio Theatre), CBS tried to develop its own new ones. With one exception (My Friend Irma), the efforts failed. Then Columbia pulled its own coup.

The trade was started by the news that Amos 'N' Andy, who had graced NBC since the crystal set days, were going over to CBS. The complicated deal was a lawyer's delight, but roughly it goes like this:

Amos 'N' Andy incorporated themselves, then sold their entire rights to the Harlan characters to CBS. A. N. A. will receive a reported \$2,000,000 over five years, plus a weekly salary, plus a share of profits. The sale is reported to the Treasury Department as capital gains, taxable at 25 per cent, instead of the sliding income tax scale.

Many another tax-weary radio star eyed the deal with envy. CBS let it be known that it

was gunning for the popular Benny, Harris-Paye, Bergen Sunday air team, and was romancing with top stars on other evenings.

The threat rushed NBC President Niles Trammell to Hollywood to help keep the network's stars in the stable. Armed with millions, CBS is aiming to engulf the older network's position as the "Mr. Big" of radio.

zone. American planes also fly coal from Fassberg to Gadow.

The British made no formal answer to the Russians but a spokesman said British pilots remained within the air corridor.

The Soviet-controlled A.D.N. News Agency said the same notification went to the French. The French fly only an occasional plane, however, and do not participate in the airlift.

The Soviet note came as winter weather approached and made flying within the narrow corridor more difficult.

"Our fliers are all carefully instructed to remain within the bounds," a U. S. official said, "but they have got to be especially careful now. For instance, there's a 'bad spot' approaching the Frankfurt-Berlin corridor around Fulda, about 30 miles from the Soviet zone. Here strong winds can blow a plane out of the corridor and if the radio beam is poor the plane can stay out of bounds. Pilots have to be briefed to navigate this spot."

Rules about flights of Russian planes over the American and British zones of Germany remain unchanged. They are required to give advance notice of the time and route of flights.

County Grand Jurors Hold Annual Banquet

Principals at the annual banquet of the Ulster County Grand Jurors Association held at Schoentag's Wednesday night are shown in the above photo. Seated from left, Vincent G. Connelly, assistant district attorney; Judge John M. Cashin, District Attorney Louis G. Bruhn and Thomas J. Murphy, president of the Association. Standing from left in the front are Thomas J. Hanlon, superintendent of the state institution at Napanoch; Edmund Zeldeier, treasurer; Harry Macholdt, secretary; Sheriff George Smith and Frank McCavie, commissioner of jurors. Standing in the back row from left are Lee Robinson, William H. Horn, first vice-president of the Dutchess County Grand Jurors Association; Frank A. Boyle, treasurer of Dutchess county; Chester Elliott, vice-president of the Ulster group; and Augustus S. Weeks, chairman of the Ulster board of directors. (Freeman Photo)

Vincent Connelly Addresses County Jurors Association

Vincent G. Connelly, assistant district attorney, was the guest speaker at the annual banquet of the Ulster County Grand Jurors Association Wednesday evening at Schoentag's. According to Thomas J. Murphy, president, it was the largest banquet in the history of the organization.

Other speakers heard during the program were Thomas J. Hanlon, superintendent of the state institution at Napanoch; and Judge John M. Cashin, District Attorney Louis G. Bruhn was the toastmaster.

Connelly, the principal speaker of the evening, presented an interesting and constructive talk pertaining to law and the workings of the court.

The principal speaker and others to follow, all lauded the Grand Jurors' Association and their association with the organization.

President Murphy welcomed the members to the banquet and before turning the program over to District Attorney Bruhn, he extended personal thanks to all committee members for their help in arranging the banquet.

vatore Petramale, 17, Glasco, back injury and possible concussion.

Treated and discharged were: Frank Petramale, Glasco, contusion of the right knee; Phillip Policastro, injuries of the back and one knee; and Agnes Buono, R. D. Saugerties, contusions of the scalp and right ankle.

Most of the others injured suffered slight cuts and bruises as the passengers tossed and shifted as the bus overturned, and as some of the baggage on the racks shifted and fell.

Trooper's Report

State Trooper Paul Maisch of Lake Katrine, who investigated, reported that the bus had rounded a left turn near the road leading into Ulster Landing when its right

wheel struck a soft shoulder. The bus struck a tree near the roadside and "eased over" on its right side. Its front was badly damaged, the report said.

The driver made his way out of the window near his seat and some of the men passengers got out the same way, but most of the women waited until one of the large rear windows was broken and made their way out that way.

The bus was en route to Saugerties from the city and its passengers were largely persons employed here, many of them from the Glasco and Saugerties areas.

The injured, who were admitted to the hospital were taken there in the W. N. Conner ambulance and the others who were treated and discharged drove there in private cars. Others indicated that they would be treated later by their family physicians, the police said.

Pacts Are Negotiated

Moscow, Nov. 11 (AP)—The Soviet government currently is negotiating for trade pacts with delegations from five foreign countries. The latest trade groups to arrive came to Moscow yesterday from Poland and Finland. An Italian delegation has been in Moscow for several months. More recent arrivals were delegations from Yugoslavia and Bulgaria.

Storm Delays Trip

Moscow, Nov. 11 (AP)—A snowstorm today again forced postponement of U. S. Ambassador Walter Bedell Smith's flight to Berlin. Smith planned originally to leave yesterday, but the storm delayed him. He will go tomorrow if the weather clears. The ambassador plans to be away from Moscow about a week and may visit Paris.

Harold Russell Calls for Unity

Tells Service Clubs Racial Prejudice Must Be Banished

America can lead the world to peace and prosperity if it will present a united front by all the people in the same union and spirit that our men and women have done in two world wars. The successful armed forces of our country knew no racial prejudice or bigotry or discrimination because of race, religion or color and the 100,000 disabled veterans of World Wars 1 and 2 in the hospitals throughout the country today wonder whether they have fought in vain when they read that a Catholic church was burned to the ground, a Jewish soldier was refused admittance to a hotel and a Negro was shot going to the polls to cast his vote.

This assertion was made by Harold Russell, whose hands were amputated at the wrist as a result of an explosion at Camp Mackall in 1924, before a joint meeting of the Rotary, Kiwanis and Lions Clubs held Wednesday at the Hotel Stuyvesant.

A fluent speaker with a stirring message, Sergeant Russell's appearance before the local service clubs was an outstanding event. He was brought to Kingston under the auspices of B'nai B'rith.

Harold Russell is starred in the motion picture, "The Best Years

of Our Lives" and also was featured in an army training film, "The Diary of a Sergeant." The latter was a documentary account of how he overcame the handicap of losing his hands and it was shown to amputees in army hospitals throughout the country.

Besides his many anecdotes, he told a number of stories which illustrated salient points in his message.

the firemen an increase in salaries. This increase is not affected by the decision.

The action was begun on January 20 by the firemen after the Common Council passed a budget which disallowed the increases granted by the fire commissioners. The firemen took the matter into Supreme Court and on August 2 Justice Bergan filed an order declaring commissioners had the sole right to fix salaries, and that the treasurer must pay in accordance with the commissioners' direction.

Payment on these terms was withheld, however, by court order pending an appeal of the case by the city. This appeal was decided in favor of the city, and now the firemen will appeal the case to the Court of Appeals. The decision of that court will be final.

The Men's Club of the First Dutch Church held a dinner meeting in the church hall Wednesday night with President William MacElveen presiding. There were 39 members present.

Following the business session, moving pictures of the invasion of Iwo Jima, the taking of Cor-

regidor and other combat films were shown.

Tentative plans for the proposed addition to the church building were shown by Henry Millon and were discussed by the members.

The supper was prepared under the direction of Mrs. Ethel Campbell.

Million Atrocity Deaths Are Blamed on 25 Japs

Tokyo, Nov. 11 (AP)—An estimated 1,000,000 war atrocity deaths were blamed today on 25 Japanese leaders by an international court.

Hideki Tojo, Japanese premier for most of the war, and his 24 codefendants sat grim faced through the reading of the court's judgment in their war crimes trial. They may know their fate late tomorrow.

To a world shocked by Nazi atrocities during World War 2, the court released these comparative figures.

The Nazis and Fascists captured 235,473 prisoners from the U. S. and British. Of these, 1,348 or four per cent died in captivity.

The Japanese captured 132,134 prisoners from the same two countries. Of these, 35,756 or 27 per cent died in captivity.

The court blamed the Japanese for atrocity deaths from 1931 to 1945 in the Asiatic and Pacific war.

The long reading of the 11 nation tribunal's judgment neared its end today. Sir William Webb of Australia, tribunal president, had reached page 1,086 of the 1,221 page document today when court adjourned.

Best estimates are that the first sentence will be pronounced around 11 a. m. Friday (9 p. m., E.S.T. Thursday).

Mustard Gas Being Used to Fight Cancer

Tampa, Fla., Nov. 11 (AP)—Scientists are using a form of war time mustard gas in fighting cancer.

Dr. Lloyd F. Craver, assistant professor of clinical medicine at Johns Hopkins Medical School, said nitrogen mustard injections offer relief in many cases, but should be used with great caution. "After all, it is a war gas, a war poison," he said, "and care is required that treatment aimed at poisoning diseased tissue does not also damage good tissue."

Dr. Craver spoke yesterday at the closing session of the annual three-day southeastern cancer seminar. He pointed out that nitrogen mustard is valuable chiefly for relief in incurable cases rather than as a cure.

Married Saturday

MR. AND MRS. JOHN MELNIK

Miss Marilyn Malnes, daughter of Mr. and Mrs. George Malnes, 66 West Union street, became the bride of John Melnik, son of Mrs. Michael Melnik, 48 East Pierpont street, and the late Michael Melnik, Saturday, at the rectory of Immaculate Conception Church. The Rev. Joseph Slezcek officiated. Following a reception for the immediate families at the Melnik home, the couple left for a wedding trip to Florida. (Kinkade and Hutton Photo)

College Club Receives Check For Scholarship; New Members

A check for \$100 was received by Kingston College Women's Club for its scholarship fund from Miss Carolyn Arnold, East Chester street, in honor of Miss Edith Scott. Miss Scott was a former high school teacher who was always interested in helping the girls.

The check was reported at the regular meeting of the club Tuesday night in the First Dutch Reformed Church House. At the same meeting, nine new members were welcomed, and Dr. William Haggerty, president of New Paltz State Teachers College was guest speaker.

The new members admitted were Mrs. Louis Francello, Mrs. James Norton, Mrs. Zella Boyce and the Misses Marie Lacey, Elinor Lent, Frances Larned, Dorothy Eastward, Leonore Hogan, and Ruth Fessenden. Two resignations were received from Miss Mary Staples and Mrs. Olive Lewis Kuehn.

Mrs. Phyllis Craft Smith introduced Dr. Haggerty who spoke of the changes at New Paltz in the past few years. The enrollment at the school has increased from 350 in 1944 to 700. Fifty new teachers have come to the college in the past four years representing the following universities: Northwestern, Ohio State, Washington State, Yale, Stanford, Chicago, Cornell and Vienna.

Dr. Haggerty told of the work with pre-school children, increased space in buildings and plans for more dormitories. He also mentioned the artists' series conducted at the college, the orchestra now numbering 60 players, art shows, as well as graduate work and extension courses offered.

Meetings of two groups were announced. The International Affairs Study group will meet with Mrs. Lloyd LeFever, Richmond Park, Tuesday night. The Book Group will meet with Mrs. Harry Halverson, 186 Manor avenue, on Wednesday night.

The next meeting of college club will be December 14 when an open meeting will be conducted. Ed Huben will speak on Ulster County.

Hostesses for the Tuesday meeting were Mrs. Charles A. Elwin, chairman, Miss Inez Banks, Miss Martha Barnett, Mrs. Herbert Bloom, Mrs. Ward Brigham, Mrs. Arthur A. Davis, Jr., Mrs. Sherwood E. Davis, Mrs. Arthur J. Laidlaw and Mrs. J. Richard Shults.

Stork Shower

A surprise stork shower was given in honor of Mrs. Elmer Schoonmaker at the home of Mrs. Edwin Schoonmaker, High Falls, Saturday evening. Hostesses were Mrs. Arnold Van Laer, Jr., and Miss Joan Countryman. The room was decorated in pink and blue crepe paper and the gifts were placed in a bassinet which was presented to Mrs. Elmer Schoonmaker.

Others attending were the Mrs. Paul Billings of Connecticut; Peter Roosa and John Lawrence, Kingston; Chris Schoonmaker, William Larsen, George Campbell, George Stokes, Lester Countryman, Floyd Oakley, Carl Bush, Robert Sutton, of High Falls; William Oakley of Napanoch; Chester Countryman of Allgerville; and the Misses Elsie Brothers, Jane and Carol Oakley of Napanoch; June Countryman of Allgerville; Fay Oakley, Shirley Ayers, High Falls; Louise and Donald Billings of Danbury, Conn.

Y.W. to Observe Fellowship Week At Sunday Service

The local Y.W.C.A. will join Young Women's Christian Associations in 65 lands to observe World Fellowship Week November 14 through 20. Services marking the opening of the week will be held Sunday in all of the 435 Y.W.C.A.'s throughout the United States. The local association will conduct its inspirational service in its building, 209 Clinton avenue, Sunday at 4 p. m.

The local Y.W.C.A. wants to join in this World Wide movement toward universal understanding and harmony among peoples in the belief that this kind of understanding will lead to world peace. "They Will All Be One" is the theme for the fellowship week.

The national service will be held in the National Cathedral, Washington, D. C., where 49 young women, symbolizing 48 states and Hawaii, will present World Fellowship funds to 20 representative girls in costume of 30 countries. The funds will be used to strengthen the association's program abroad. From the American associations, 3,000,000 women will join with millions of women elsewhere in prayers and financial aid for world betterment and peace.

At the local association's service Sunday afternoon a play will be given in place of the traditional address. Entitled "At the Y.W.", the play has as its setting a Y.W.C.A. cafeteria. Included in the cast will be Miss Dorothy Dumond as Y.W. secretary; Miss Rebecca Wachtel and Miss Alice Johnson, two American girls; Mrs. Herbert Flister, Y.W. director in Istanbul; Miss Amarello, voice in the audience; and Miss Rose Cocciello, a Chinese girl.

The theme of the play points to the international aspects of Y.W.C.A. and its importance in the lives of the average person in the countries where it is organized.

The service will be non-sectarian and everyone is invited. At the conclusion tea will be served by the hospitality committee. A silver offering will be taken toward the local association's total responsibility for support of World Fellowship.

Talked at by Wild Parrots

Sydney, Australia (AP)—A man in South Australia is greeted with "Hullo, Cockie!" by large numbers of wild cockatoos wherever he goes in his district. He is Mr. H. J. Castalia, caretaker of a closed-down mine at Evanstown. With no neighbors within 100 miles, Mr. Castalia has made friends with the birds. For a number of years he captured young galahs, a species of rose-breasted cockatoos, kept them for a time, taught them to talk, and then released them. They, in turn, have "taught" their wild companions.

Musical Society Discusses

Liturgical Music, the Mass. Liturgical music was the subject of the November meeting of the Musical Society Wednesday night at the home of Mrs. William E. Rylance, 44 West Chestnut street. The program was planned by Mrs. Raymond H. Rignall, Mrs. Bernard Forst, Miss Anne Goldrick and Mrs. John Snyder. Miss Goldrick led the discussion using large charts to explain the development of church music with particular emphasis on the Mass and Gregorian chants.

She defined liturgy as the prescribed form of worship in the church and explained the liturgical year with its different types of music and also the colors used in the vestments of the clergy. The year was divided according to the charts in Advent, Christmas, Lent, Easter, Paschalide and Pentecost.

In speaking of the Mass she chose the ordinary type and outlined the different parts. Mrs. Snyder read translations of the Latin from the Missal for several of the more important parts. For illustration a recording was played of the choir at St. X School of Liturgical Music singing the Gregorian chant, "Pueri Hæbraeorum" of the Palm Sunday Mode 1 and also the Polyphonic music of the same number composed by Palestrina. In contrast a modern setting of church music, "Pans Angelicus" by Lambillotte was sung by Mrs. Forst and Mrs. Rignall with Miss Goldrick at the piano.

Miss Goldrick gave a detailed summary of the Gregorian Chant, its history, languages and style and comparison with modern music. Examples were the liturgical school recording of a Kyrie from Mass 10 in Gregorian Mode 1; and two sections of the Requiem Mass sung by Mrs. Forst and Mrs. Rignall. The Introit, Requiem aeternam, Mode 6; and Antiphon, In Paradisum Mode 7.

A short business meeting was conducted by Mrs. LeRoy Vogt. Refreshments were served by the hostesses Mrs. Bertrand Bishop and Mrs. Clarence Wolfersteig. Mrs. Harry P. Dodge assisted in pouring. The table was decorated with a large horn of plenty filled with fruit and flanked with lighted tapers.

The next meeting will be at the home of Mrs. John L. Mackinnon, 181 Manor avenue, December 8, when the Christmas party surprise program will be given.

MR. AND MRS. JOHN J. RODDEN (Eugene Corey Photo)

1948's Woman

Janet Corey, Nurse, Of Wallkill Wed To John J. Rodden

The wedding of Miss Janet Corey, daughter of Mr. and Mrs. Dennis Corey of Wallkill, to John J. Rodden, son of Mr. and Mrs. Joseph Rodden of 107 Hudson street, took place in the rectory of St. Peter's Church, Saturday. The Rev. Henry E. Hordegen performed the double ring ceremony. The bride wore a white satin gown made with long sleeves, sweetheart neckline, and a lace trimmed fingertip veil of illusion caught to a headpiece of pearlized orange blossoms. She carried white chrysanthemums and gardenias.

The maid of honor, Miss Louise Cerquozzi, wore an aqua satin dress with matching accessories and carried bronze chrysanthemums.

The best man was William Rodden, uncle of the bridegroom. After the wedding reception for more than 100 guests was held at Sunnycraft Ranch at Wallkill. Decorations were white candles and white chrysanthemums.

The bride is a graduate of Wallkill High School and Kingston School of Nursing. The bridegroom, a veteran of the Pacific, attended Kingston High School and served with the 348th Harbor Grift. At present he is employed by Cargo Carriers Inc., of Albany. Mr. and Mrs. Rodden left for a wedding trip to New York. They will live in Albany.

Blakeslees to Give Concert at Bard

Annandale-on-Hudson, Nov. 11 —Carolyn and Earle Blakeslee, soprano and tenor, will give a concert of sacred music in the Chapel of the Holy Innocents at Bard College, accompanied at the organ by Jack Fisher of the Union Theological School of New York. Wednesday, at 8 p. m. This will be the second concert in the Bard College concert series of 1948-49.

Carolyn and Earle Blakeslee are both graduates of the Eastman School of Music in Rochester, and have earned advanced degrees from other music schools and universities. They studied in Rome, Italy, with the same noted teacher, who first suggested their voices blended so well that they should make a career singing together. Mr. Blakeslee is now Instructor in Music at Bard College.

Housewives Fight Cancer

New York, Nov. 11 (AP)—Twenty-one New York housewives are raising \$154,000 to fight cancer in memory of a friend who died of the disease. They plan to buy a 2,000-volt X-ray machine, which would be one of the most powerful in the world, for cancer research. They also plan to erect a building to house the unit. The group already has raised through rummage sales and parties in the project which grew out of the death in 1943 of Mrs. Lila Motley, wife of a textile jobber.

Swiss Fear Tourist Slump

Geneva (AP)—The Swiss travel experts are not very happy about the prospects for the winter tourist season in Switzerland. At a recent meeting of agents of the Swiss Tourist Agency from all parts of the world, it was generally agreed that a great many travelers, for one reason or another, are going to say away from Switzerland this winter. This is a reflection on the fun and facilities available. The difficult international situation is one reason. Another, Swiss experts in the United States reported, is the failure of Switzerland to advertise enough. They said the prospective American guests were subjected to a "drumfire" of British and French tourist propaganda, which had been quite successful.

From 20 to 25 per cent of the land surface of the globe is classed as colonial territory.

SHOWING APPRECIATION FOR SHOWER PRESENTS

A letter tells me: "Some time ago you told a reader who had been given a stork, shower that no return payment was necessary further than the appreciative thanks said to the givers of each present as it was unwrapped. Did you mean that this is also sufficient for every sort of shower?"

The answer is "Yes" for presents brought by their givers—which means all except possibly one or two sent by those who were prevented from coming to the party. To these, a note or telephoned message would be necessary.

Bread and Butter Plates
Dear Mrs. Post: A friend insists that bread and butter plates and individual butter knives are used only for very formal dinners, whereas my understanding has been that it was just the reverse—at very formal dinners, none were used at all. Which of us is right?

Answer: You are. Bread and butter plates are never correct on a formally set dinner table. They are correct on a formal lunch

table and an informal dinner table, even when company may be included, which is probably what many people have in mind when they say "formal" dinner.

Calling Older Woman By First Name

Dear Mrs. Post: What if an older woman asks a young one to call her by first name? Can the younger deliberately ignore the request?

Answer: No, but she can use the name as seldom as possible.

Digging Hole in Mashed Potatoes
Dear Mrs. Post: What's bad manners about digging a hole in mashed potatoes for the gravy? Every time I do, my wife kicks and says it's unbecoming for a grownup to do.

Answer: If you do this only at home and don't dig the hole too messily, there is no sensible reason why you should not put your gravy where you like it—unless you are setting a bad example for children, in which case, be moderate!

Boys (and Men) Without Hats
Dear Mrs. Post: What should young boys be trained to do in place of tipping their hats to women when they go without hats or caps?

Answer: They merely bow. But this must be made from the waist and not be a jerky nod of the head.

Mrs. Post's leaflet, E-15, "Manners in Public," gives the gentleman a few hints on the correct manners he should use when accompanied by a lady. To obtain a copy send 5 cents in coin and a stamped self-addressed envelope

C.A.R. Does Christmas Cheer Work and Plans Tea Dance

Christopher Tappen Society, C.A.R. met Tuesday afternoon at Wiltwyck Chapter House when the pre-teen group made scrapbooks and the teen-agers planned a Christmas tea dance. Miss Sandra Scudder presided.

The younger group made scrapbooks for the Recreation Center, 97 Broadway. Next month the society will string pop corn and make Christmas tea ornaments for the center. The young people also plan to make donations of clothing and toys for the children at the center.

The tea dance will be held December 28, at the D.A.R. Chapter House.

During the business meeting, the club decided to make contributions to Tammassee Scholarship, Kate Duncan Smith milk fund, national project of purchasing a Duncan Phyle sofa for the national president's office building in Washington, D. C.

Miss Scudder gave an account of the Hudson Valley Council meeting which she and Miss Etsy Empringham, and Mrs. William Macgregor Mills attended last month.

Afterward refreshments were served. The next meeting will be December 7.

Crafts Cooperative Group Is Formed; Opens Nov. 24

Crafts Co-operative, a new association of Ulster county craftsmen, was formed at a meeting held in Woodstock Thursday evening. Edith Roberts Cook, Mary D. Smith, Alice Fischer were elected temporary directors, and Cecile MacReady was appointed shop director. Walter O'Meara acted as temporary chairman of the meeting.

The purpose of the new organization, as outlined by the directors, is to provide a low-overhead outlet for the work of crafts-

men. Display and sales quarters will be opened in the shop in The Nook at 1:30 p. m. November 24, and will be open daily, including Sundays, from 1:30 to 5:30 p. m. through December 23. The shop will reopen in the spring at a date to be announced.

The directors of Crafts Co-operative have announced the following list of charter members, representing more than a dozen arts and handicrafts: Edith Roberts Cook, Ernestine Daum, Angela von den Driesch, Christine Drogseth, Dora Felton, Alice Fischer, Sophie Hansen, Ben Johnson, Eleanor McCaffery, William MacReady, Augusta Reed, Georgie Sargent, Emily Schaffert, Mary D. Smith, Gretchen Smith, The Steffansons, Gertrude Steuer, Carl Walters, Theresa Wasserbach.

SAXON, THOMPSON, GG CHAMPS, TO BOX NOV. 18

Welters, Middleweights Are Listed on Supporting Card

One of the most outstanding lightweight matches ever arranged by B'nai B'rith is promised for Thursday, Nov. 18 in the municipal auditorium, featuring two champions.

Dr. Saul Goldfarb, the organization's boxing chairman, today announced this five-round attraction as the star bout:

Johnny Saxon, New York, national and Golden Gloves lightweight champion vs. Jackie "Spider" Thompson, Buffalo, Golden Gloves featherweight champion, who has taken on weight since he won the crown.

Thompson is a local favorite, having put up two sensational bouts since the resumption of boxing after the summer layoff, one against Ronnie Lacelle of Canada and the other against Ray Field of Utica.

"Considering Saxon's record, we expect the New Yorker to give Thompson his toughest opposition," said Dr. Goldfarb. "A boxer has to be good to win a national title, and this fellow Saxon has two."

George Lampshire, Thompson's

trainer, knows his boy is in for a rough night, but isn't worried. "Spider is the best amateur lightweight in the country right now, in my estimation. And, I'm confident he'll prove it."

The other five-rounders for the

18th are:
Sid Baronsen, 142, Berkshire School, Canaan, N. Y., vs. Jimmy Hall, Buffalo, a stablemate of Thompson. Both are rated as rugged, hard-hitters, Baronsen having 15 knockouts to his credit over a short period.
Dick Tuttle, 160, Gloversville, middleweight champion of the Adirondack A. A. U. vs. Jackie Monroe, Buffalo.
Jim Hardy, Canaan vs. Ernie Keith, Buffalo.

Ben M. Becker of Albany, who has charge of B'nai B'rith matches, said he expected to have the remainder of the card ready within a few days.

Relative to the main go, he remarked, "That Thompson-Saxon match should develop into a scrap worthy of Madison Square Garden rating, if the boys were pros. Both of them are smart boxers, and they can punch too."

High on Youngster

Becker is watching Sid Baronsen with an eager eye. He claims the Canaan boy has the makings of a champion. "He's a durable ringman, with a terrific sock," Becker remarked as he informed the press that Baronsen's knockout over Sammy Giles of Utica, Tuesday in Schenectady, was his 15th.

When asked about a heavyweight match for a future card, he revealed that he had Coley Wallace, New York Golden Gloves in mind, but advised, "The boys I'd like to see in the ring with Wallace don't care about meeting him, and the rest of the talent available is not in his class."

Chairman Goldfarb is anxious about a heavy brawl, too, but prefers to stick to the lighter weights unless a real attractive match can be arranged for B'nai B'rith patrons.

Bosox Promote Doherty As Louisville Manager

Boston, Nov. 11 (AP) — After stamping himself as a successful baseball club president by directing the Boston Red Sox' Scran-ton, Pa., farm club to the Eastern League championship, Edward F. (Eddie) Doherty, Jr., today found himself elevated to the head of Tom Yawkey's triple-A property, the Louisville American Association team.

Doherty, a former Providence, R. I., sports writer, was named Bruce Dudley's Louisville successor here yesterday.

The announcement was made by a Red Sox spokesman in the absence of General Manager Joe Cronin, who explained for the draft meeting at Cincinnati Tuesday.

When the San Francisco 49ers of the All-America Conference dumped the New York Yankees 41-0 this season, it was the first shutout the Yankees had suffered since early 1946.

Majors Draft 19 Minor Leaguers; Chisox Get Three

Cincinnati, Nov. 11 (AP) — Nineteen minor league players are in baseball's big show now as a result of the annual draft.

Big league officials, ignoring some 270 bonus players, picked the 19 from more than 5,400 possible draftees in 58 leagues, handing out \$182,500 for the assorted talent.

The American League Chicago White Sox, who had second choice after the National League Chicago Cubs, handed over the biggest chunk of cash. They spent \$30,000 for a pitcher, catcher and infielder.

Three National League clubs, New York, Pittsburgh and Brooklyn and two from the American, New York and Boston, put in no bids.

Here are the draftees and what they did in 1948:

National League

Chicago: Dwain Sloat, left-handed pitcher, won 10 lost 8 for Port Worth in the Texas League; James Kirby, right-handed batting outfielder, who hit .286 in 152 games for Shreveport.

Cincinnati: Homer E. Howell, catcher with San Francisco, batted .292; John S. Promesa, catcher, batted .284 for Jersey City.

Philadelphia: Bob Blattner, former New York Giant, batted .275 in 110 games for Jersey City, a third baseman; Ken Silvestri, Newark catcher, hit .201 in 129 games.

St. Louis: Edward Sauer, outfielder, hit .305 for Los Angeles; Boston: Don Thompson, left-handed outfielder who hit .235 for Columbus; and Charles Gilbert, left-handed outfielder who hit .385 for Nashville.

American League

Chicago: Matthew Suckott, right-handed pitcher who won 15, lost 11 for Rochester; Gene Markland, infielder who hit .280 in 147 games for Milwaukee; Don Wheeler, catcher who hit .304 in 139 games for Minneapolis.

St. Louis: Robert Malloy, pitcher, won 21, lost seven for Indianapolis; Irving Medlinge, left-handed pitcher, won 10 lost 5 for Birmingham and Scranton.

Detroit: Marvin Grissom, pitcher, won 11 lost 7 for Sacramento; Philadelphia: Tom Davis, shortstop, hit .252 for Hollywood; Jim Wilson, pitcher, won 7 and lost 13 for Toledo.

Cleveland: Herman Reich, right-handed outfielder, batted .324 for Portland.

Washington: John Simmons, outfielder, hit .304 in 139 games for Portland.

Has 12 TD Passes For 1948 Season

Saturday's game against St. Lawrence at Kingston's municipal stadium amounts to virtually an "intersectional" test for the Gettysburg Bullets.

Coach Hen Bream and his Bullets will be making their lone trek out of the state of Pennsylvania to tangle with the Larries in the second game of the series which started last year with a 20-7 Gettysburg victory.

After being noted out by the University of Delaware in the final seconds of play last Saturday, the Gettysburg eleven will be seeking to hit the win column for the fifth time this season. Victor over Drexel, Albright, Bucknell and Western Maryland, only the powerful Muhlenberg Mules, Lehigh and Delaware have been able to stop the Battlefields.

Sachs Passing Ace

As was so definitely demonstrated in the Delaware game, the Bullets offense will again revolve around the right arm of Ross Sachs, brilliant quarterback back from the town of Gettysburg.

Sachs tossed four touchdown passes against Delaware and now has a completion average of .514 for seven games. The talented aerialist has 12 touchdown passes and better than 850 yards to his credit and has been gaining poise and accuracy with every

game. Sachs is rated one of the best passers among the nation's small colleges.

Has Good Receivers

A host of fine receivers has helped make the Bullets aerial arm so strong. Ends Don Emert, Somerset, and Bob McCausland, Havertown, both six foot-one, are responsible for a majority of the catches, although Dwight Speaker, Philadelphia halfback, has also been instrumental in plucking the pigskin at opportune moments.

With the exception of the usual bumps and bruises, Gettysburg expects to have a full complement of men ready for the St. Lawrence battle.

Tigers Get Robinson

Aaron Robinson, former Yankee catcher, who was traded to the Chicago White Sox last year for Ed Lopat, pitcher, went to the Detroit Tigers yesterday in a deal that brought Billy Pierce, young southpaw hurler, to the White Sox. Pierce won 14 and lost eight for Buffalo, a Detroit farm club in 1948. Robinson hit .249 for Chicago and connected for eight homers during the recent season.

Only 12 of the 49 football players listed on the roster of the University of South Carolina weigh more than 200 pounds.

MORRIS HYMES
N. FRONT ST.

Anent St. Lawrence's Larries:

The St. Lawrence University defense against Ross Sachs, brilliant Gettysburg passer, is a tight, well-knit unit that ranks among the best in small college ranks. The Larries, off to a slow start but with three straight now to their credit, are underdogs in every sense of the word. The Bulls have scored impressive victories over names like Drexel, Albright, Bucknell and Western Maryland. And in defeats against powerful Muhlenberg, Lehigh and Delaware, they proved their ability to score consistently.

Thus Saturday's college classic at the stadium resolves into a dramatic duel between St. Lawrence's unyielding line and hawk-eyed secondaries on the one side and sharpshooting Ross Sachs of Gettysburg on the other. Mr. Sachs, with 12 TD passes to his credit, being one of the best in the small college ranks.

Dropped Opener to Union:

The honorable district attorney, Louis G. Brulin, may be interested to know that Union, his alma mater, bowled over the Larries, 19-7, in the seasonal opener. A slight case of fumbling caused St. Lawrence to lose the ball eight times in the first half. A week later a strong University of Vermont eleven tripped the Larries, 7-0, at Canton, although they were outscored 79-146 yards and had only four first downs to seven for the hosts.

Until he was injured, Guardino was the team's leading ground gainer, but Coach Paul Patton has an adequate replacement in Bill Hayden of Canton, who has picked up 234 yards rushing, now the highest total on the team, and who has yet to be thrown for a loss this year. Also ready to go at right halfback will be John Yarnes of Fulton, a fine punter and a good broken field runner. Yarnes gained 181 yards against Norwich and ran the second half kickoff 93 yards for a touchdown.

Then Came the First Win:

This couldn't go on forever, so on October 30, St. Lawrence won its first victory, whipping Champlain, 14-6, and the following week showed its best form of the year by stopping the strong Alfred outfit, 6-0, at Weeks Field. Last Saturday the Saints made it three in a row by splashing through the mud to a 14-0 conquest of Norwich University at Canton.

Watertown Youth Is Top Star:

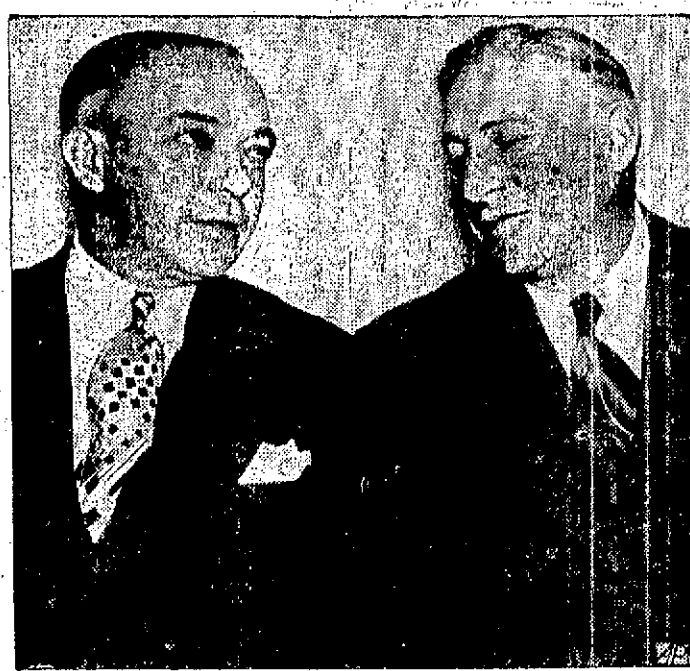

The Larries' best all-around ball carrier, Joe Guardino, of Watertown, was hurt in the Alfred game after rolling up 58 yards in four carries. He is a doubtful quantity for the Gettysburg game. Until he was injured, Guardino was the team's leading ground gainer, but Coach Paul Patton has an adequate replacement in Bill Hayden of Canton, who has picked up 234 yards rushing, now the highest total on the team, and who has yet to be thrown for a loss this year. Also ready to go at right halfback will be John Yarnes of Fulton, a fine punter and a good broken field runner. Yarnes gained 181 yards against Norwich and ran the second half kickoff 93 yards for a touchdown.

Knee Deep in Halfbacks:

That's the not unpleasant situation that confronts Coach Patton. He can choose among Vic Sacco, Bernie Connors, Don McKay, and George Miller for the left halfback spot, and each is a real offensive threat. Jack O'Loughlin and John Gordon will share the quarterback duties, with George Costaregini and John Metraw alternating at fullback. O'Loughlin and Gordon do most of the team's passing.

And there is a pretty fair hunk of line operating ahead of these speed merchants.

DREAMIN' OF NEXT SEASON?

Bill Meyer (right), manager of the Pittsburgh Pirates, who was named as Manager of the Year, appears in a dreamy mood as he listens to Billy Southworth, manager of the National League Champion Boston Braves. The two got together before the annual major league draft meeting in Cincinnati. (A.P. Wirephoto)

Bowling

Sypco Blasts 605

F. Sypco of St. Peter's, Rosendale, paced the Catholic Athletic Association Wednesday night with the lone "600" of the night with a "605" blast on scores of 205-176-224. Next in line was Freddie Ferraro who turned in a 591 series with a 214 high singleton.

P. Tatarzewski tied Ferraro for high single honors of the night with his 214 while finishing with a 572 three-timer. Other top triples were posted by V. Burns with 590-562 and J. D. Schatzel 210-537.

Reta High Again

Reta Frederick, who has been monopolizing the scores for the distaff members of the local bowling circles, continued to walk off with honors in the Colonial Women's circuit last night. Mrs. Frederick pounded the maples for 533 as Singer Firestones won three from Manfroes, featuring her top triple with the only 200 of the night, a 203 opener.

Dot Rawding finished seven pins off the pace with 180-526. Other "500" members in the Colonial loop last night included Charlotte Lapine with 199-516; Beverly Markle 188-514; Marge Jensen 179-508; Ethel Gross 178-505; Evelyn Francis 176-505; and Betty Bailey 184-504.

Chif Davis, Sr., warmed up slowly but finished like Stylo to lead the Central Roc keglers with a rousing 628 Tuesday night, stacking games of 180-213-233. It was the only six hundred in the loop.

Jackie Altamori bashed 205-524 and Huck Svirsky came up with 202-536. Elwood Robinson staged a terrific comeback after 122 opener, with 221-237 for 580. Frank Russano sandwiched 203-552 and Ernie "The Terrible Swede" shot 208-566; R. Myers 212-525; Joe Costello 194-535.

Pete Schline hit 206-530 for the alphabetical soup squad; A. Hoey had 192-539; V. Clearwater 206-522; Perc Slover 189-552; Scott Vining 200-548; Stan Warren 199-534; Lou Bruhn 191-525; Norm Sande 195-535; Steve Fassbender 192-521.

Cross Tops Booster A. Cross anchored Lyle's in the Booster League with the only "500" series in the grade league with 204-195-141-540.

W. Sickler was among the leaders with 183-489; Joe Kwasney shot 170-487; H. Bartholme 188-479; E. Houghtaling 161-474; F. Ellsworth 188-496; W. Senior 189-462; and John Dittus 185-470.

Grange Is Given Talk on Merits Of 80th Congress

Portland, Mo., Nov. 11 (AP)—The Republican-controlled 80th Congress—a target of President Truman during the recent campaign—was defended before the convention of the National Grange today.

The Grange's legislative counsel, J. T. Sanders of Washington, told the delegates the Congress could not rightfully be called a "do-nothing" body. Such a description was given the Congress by Mr. Truman.

"Our judgment is," said Sanders, "that it was a good average Congress."

Sanders represents the Grange at congressional hearings of legislative matters relative to agriculture. It is the policy of the Grange to maintain a non-partisan position in politics.

He said the Congress "did a lot of work and accomplished a great deal."

"We do not believe that the great body of legislation is unconstructive in nature as some seem to feel," he said. "On the other hand, practically all of the legislation tended to be constructive and probably useful in future legislative action on the very subjects dealt with."

One of the legislative actions praised by Sanders was a long-range farm program. That program was attacked in Washington yesterday by Rep. Cooney (D-N.C.), who is expected to become chairman of the House agriculture committee in the next Congress.

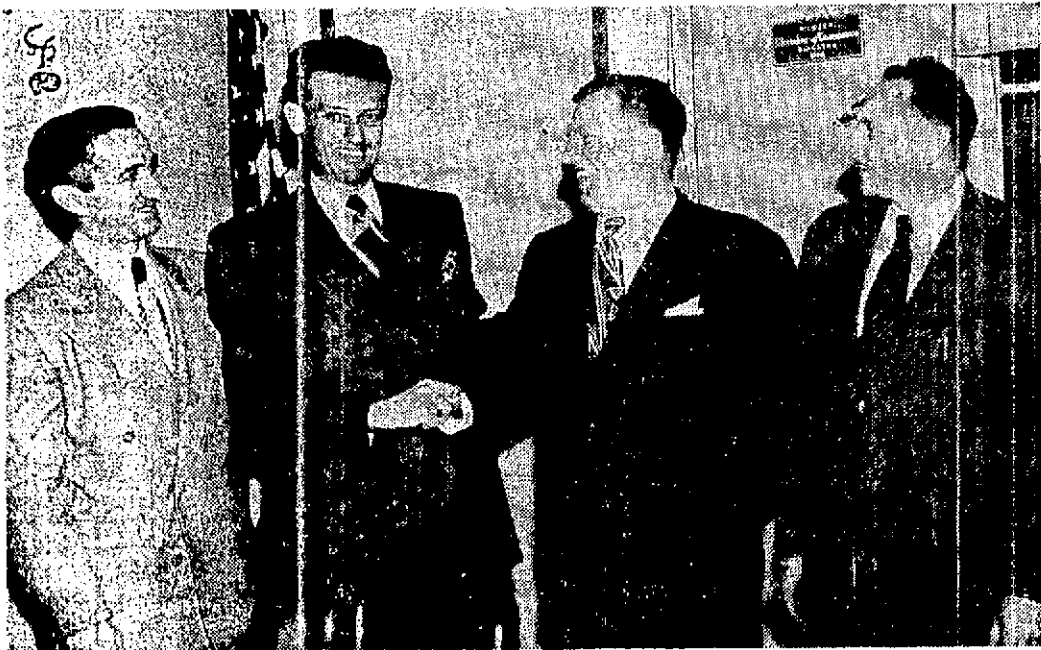

Hanley Condition Good

Albany, N. Y., Nov. 11 (AP)—Acting Gov. Joe E. Hanley was reported in "good" condition today at Albany Hospital. The Hospital said Hanley had spent a comfortable night and his temperature was normal. Yesterday, the 72-year-old lieutenant governor had a temperature one degree above normal. Hanley was taken to the hospital Monday suffering acute Glaucoma in his right eye.

Hold Demonstration

Paris, Nov. 11 (AP)—Communist demonstrators threw a barricade across the Champs Elysees today, hoisted a Red flag, and sang the "Internationale." The demonstration came just after President Vincent Auriol left for Corsica to head a ceremony on the spot where the armistice was signed 30 years ago.

Handless Vet Talks Against Reds

Mayor Oscar V. Newkirk is shown welcoming to Kingston Harold Russell, the handless war veteran who starred in the motion picture, "Best Years of Our Lives." He arrived here Wednesday to talk against Communism. Others in the photo from left are Abraham Strieker and Sigmund Rudisch. Russell appeared at Myron J. Michael School and Kingston High School Wednesday afternoon and in the evening addressed an open meeting at B'nai B'rith, Wall street. (Ken Roosa Photo)

Monsignor Is Named Titular Bishop

Washington, Nov. 11 (AP)—Msgr. Joseph F. Flannely, administrator of St. Patrick's Cathedral, New York, has been named titular bishop of Metellus and auxiliary to the Cardinal Archbishop of New York, His Eminence Francis Cardinal Spellman.

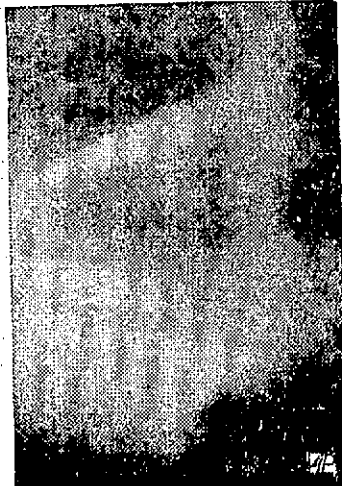

Word of the appointment by Pope Plus was received here yesterday by Archbishop Amleto G. Cicognani, Apostolic delegate to the United States.

A native of New York city, Monsignor Flannely has served all his priestly career of 30 years within the New York Diocese. He has been cathedral administrator of the past ten years. He was born October 22, 1894, the son of Michael J. and Mary A. (Considine) Flannely.

The bishop-designate attended Cathedral College, New York, and completed his studies for the priesthood at St. Joseph's Seminary, Dunwoodie, N. Y.

His appointment raises to four the number of auxiliary bishops of New York. The others are Bishops Joseph R. Donahue, Stephen J. Donahue and Thomas J. McDonnell.

Stark and Kimmel Records on Jap Attack Are Eased

Washington, Nov. 11 (AP)—The navy has added a softening footnote to the Pearl Harbor records of Admiral Harold R. Stark and Rear Admiral Husband E. Kimmel.

On the recommendation of Fleet Admiral Ernest J. King, wartime chief of naval operations, the navy altered King's original criticism of their actions prior to the sneak Japanese attack. At that time Kimmel was commander in chief of the Pacific Fleet and Stark was chief of naval operations. They were charged with "dereliction" of duty.

The navy last night released a letter King wrote Secretary Sullivan last July in which King said that some of his comments during the Pearl Harbor investigation three years ago "stand out as not being in accord with the realities of the situation (then) existing."

Accordingly, King urged that Stark be awarded a second Distinguished Service Medal. It was presented to the retired admiral about two months ago.

King noted that in August, 1945, he had said that the "derelictions" of Stark and Kimmel "indicate lack of a superior judgment necessary for exercising command commensurate with their rank."

But in view of Stark's "outstanding" service in European waters after the Pearl Harbor disaster, King asked the navy to alter his remarks to read:

"The derelictions of the part of Admiral Stark and Kimmel were those of omission rather than of commission—errors of judgment as distinguished from culpable inefficiency."

"Since" the evidence adduced warrants neither trial by general court-martial nor punishment in any form but since their usefulness in the billets assigned was impaired by the course of events, I am of the opinion that their assignment to other duties, then and now, represented appropriate administrative action."

After Pearl Harbor, Kimmel was on duty in the 12th and 12th Naval Districts until he retired in March, 1942. He now lives in New London, Conn.

Stark was assigned to the European command on orders of President Roosevelt. He now lives in Washington.

The navy said King's letter had been added to the proceedings of the Pearl Harbor court of inquiry and also made a part of the official records of Stark and Kimmel.

In New London, Kimmel said he has had no official correspondence on the King letter. His only information so far has been too meager for him to indulge in any discussion, he reported.

Washington, Nov. 11 (AP)—Democrats intend to lead top Senate committees with eight of their members to five Republicans in an effort to push President Truman's program through the new Congress. A Democratic official who asked not to be quoted by name told a reporter he feels his party should make its new 34 to 42 Senate advantage count at critical spots.

Hartley Sees His Law Same, Only In New Cloak

Washington, Nov. 11 (AP)—One of the Taft-Hartley law's parents expects to see his "baby" rechristened—but in only a slightly different dress.

Retiring Chairman Fred A. Hartley (R-N. J.) of the House Labor Committee made these predictions to reporters today:

1. The ban on the closed shop will be junked by the new Congress.

2. The prohibition against secondary boycotts will be modified.

3. Jurisdictional strikes will remain outlawed.

4. The injunction and other procedures for dealing with strikes affecting the national health and safety will be retained.

This is the way Hartley looks for that to come about:

"First, they will repeal the whole thing. They have to get rid of that Taft-Hartley name. Then they will write most of it back into law. Remember, if the Taft-Hartley law is repealed outright, all that remains of the New Deal's Wagner Act is repealed right along with it."

Hartley, jointly shares Taft-Hartley Act authorship with Senator Robert A. Taft (R-Ohio).

"When it is all over," he said, "I think most of the Taft-Hartley law will be left. Eventually, the people will come to see that it is not a bad law at all."

"I do not say that in defiance of the President. After all, he is the champ. And he is entitled to get any changes made in the law that he thinks necessary and proper."

Hartley said he believes he could have been re-elected in last week's balloting if he had been a candidate. His seat was taken by a Democrat, Peter W. Rodino, Jr., of Newark, whom Hartley defeated two years ago.

"But," he added, "perhaps, it will be just as well for me not to be around to see what they are going to do to my baby."

A. G. Bouton Dies
Scarsdale, N. Y., Nov. 11 (AP)—Arthur G. Bouton, 62, New York State American Legion commander in 1942, died early today. Bouton collapsed and died in his automobile after stopping it to give directions to another motorist, police said. He had served as Westchester County American Legion commander. Bouton had been Scarsdale village highway commissioner for 24 years. After World War 1, he served as consulting engineer on several South American highway projects. He also had been connected with the highway department in the Staten Island borough president's office in New York city.

Storm No Longer Is Threat to Coast

Cape Hatteras, N. C., Nov. 11 (AP)—A tropical storm, which lost most of its force as it moved northward, no longer was a threat to the North Carolina coast today.
The storm, blowing up suddenly from the South Atlantic, brushed North Carolina's outer banks yesterday with high winds and heavy seas. But shortly after midnight, it veered seaward and began losing its force.
It was moving northeastward about 22 miles per hour. No major damage to coastal property or shipping was reported.

Parents, Teachers Aim At Vicious Books, Shows

Chicago, Nov. 11 (AP)—The National Congress of Parents and Teachers today set up a committee to help wipe out "vicious comic books and objectionable radio and movie programs."

The action committee will "work out specific steps" to get the F.T.A. plan rolling, Mrs. L. W. Hughes, association president, said. The plan recently was adopted by the group's board of managers.

Mrs. Hughes said negotiations with publishers and producers are to be on a "friendly" basis but said a "national house cleaning" is long overdue.

"The time has come," Mrs. Hughes said, "to take serious notice of the menace to our children from overstimulating motion pictures, hair-raising radio programs and, in particular, corrupting comic books."

Possible Cold War Halt Brings Hope To U.N. Delegates

By JOSEPH E. DYNAN

Paris, Nov. 11 (AP)—The possibility of a halt in the east-west cold war brought a surge of armistice day hope to United Nations delegates today.

American delegation sources confirmed that Secretary of State George C. Marshall will meet President Truman in Washington later this month for a complete review of foreign policy problems.

While the survey would include all aspects of the current policy conflicts between the U. S. and Russia, the American delegation said it knew of no definite plan for a meeting of Mr. Truman and Soviet Prime Minister Stalin.

Dispatches from Moscow yesterday reported all new papers carried stories of a possible meeting between the two chiefs of state. Most delegates here took the widespread publicity in Moscow to mean the Russians attached some importance to the possibility of a meeting.

At Key West, Fla., where Mr. Truman is vacationing, a White House spokesman said there are no plans of any kind for a Truman-Stalin meeting. The spokesman said the President has no intention of going to Moscow, but stands by his offer to confer with Stalin if the latter wishes to visit Washington.

The Moscow dispatches, interpreted by some delegates here as showing a new Russian willingness to attempt to settle the east-west conflict, were just one move in the Soviet's fresh diplomatic pattern.

Sources in the American delegation even interpreted recent Russian bloc attacks on Jo in Foster Dulles, Republican foreign policy expert, as preparation for a "peace offensive." These sources said the slurs on Dulles may be intended to show the Slav peoples that a settlement with the U. S. is possible now that the "warmongers" have been kept from office in the U. S.

Russia's Deputy Foreign Minister Andrei A. Vishinsky last year listed Dulles as America's number one "warmonger."

Australian Foreign Minister Herbert V. Evatt, chairman of the U. N. General Assembly, who has attempted to bring the east and west together on specific problems, commented that "he long has had to be broken and it will be broken very soon."

PORT EWEN

Port Ewen, Nov. 11—Monday, November 15, will be the last day that the Port Ewen water rent may be paid without the added 10 per cent.

There will be a meeting of the official board of the Methodist Church at the parsonage tonight at 7:30 o'clock.

Members of the Dorcas Society who were not at the meeting Tuesday night and who plan to attend the banquet at the Kirkland Hotel, Kingston, on November 16 are requested to notify Mrs. Howard Simlich by Saturday.

The Ulster Park-Port Ewen Women's Christian Temperance Union will meet at the home of Mrs. Clarence Wells, Ulster Park, Wednesday, November 11, at 2 p. m. Mrs. W. K. Cole will be the leader. The word for roll call is thanks. This will be the annual roll call meeting and payment of dues will be accepted. Members are either requested to bring or send in their dues.

The Port Ewen School association will hold its regular monthly meeting Wednesday, November 17, at School 13. The meeting will start at 8 p. m. The guest speaker will be Charles Elmendorf of Rifton who will talk on the subject of organizing a teen-age club. Two colored movies will be shown during the meeting entitled "Life Stream of the City" and "Playtown U.S.A." Those in charge of refreshments will be Mrs. Walter Schussler, chairman; Mrs. Carol Plock, Mrs. Cleon Robinson; Mrs. Melvin Robinson, Mrs. Beatrice Dunn, Mrs. Donald Terpening,

those removed from office yesterday by the right-wing executive board of New York Local 100 was Austin Hogan, the local's president. Hogan said the suspensions were "illegal and un-American" because there was no trial. He said he and the two other officers will appeal the case to the T.W.U.'s international executive board.

Will Collect Leaves
